EXTENDED WEEK

Happiness Is 2

Hello parents,

We cannot believe that Extended Camp at Happiness Is 2 is already over! All of us had a lot of fun this past week in the tennis shack at AC Nielson playing lots of games and doing activities.

On Monday we welcomed all the campers to the tennis shack by playing name games and putting on bug tattoos. The kids ran around the four tennis courts while playing running games. We ate out on the bleachers and walked around the paddle courts and baseball fields. In the afternoon the children went to the driving range and hit with mini drivers.

Tuesday was hot and we stayed in the shade reading stories and having lunch at the park. Campers helped make a paper airplane and we flew them around the outdoor tennis courts. We also made bead bracelets and had races on the turf.

Beach day at Tower had a lot of sun and all the campers splashed and swam in the lake! The kids played with the water tables and dug in the sand while listening to music.

On Thursday we went to Pinstripes! We took one bus to the bowling alley and each camper got to bowl two games; everyone had a really great time. After we got back we ate lunch at the playground and played indoor tennis in the afternoon.

Friday was nice and cool so campers spent the morning going for walks, running with paper airplanes, racing on the tennis courts, playing on the playground, finishing bead bracelets, and eating popsicles. After lunch campers went ice-skating at the ice rink! We ended our day with stories and said our goodbyes.

Two members of our staff will be around for babysitting during the school year:

Jack Massey (224) 383 – 7006 and Marco Caranante (863) 303 – 5511

We had a blast this summer with your children and we hope to see you soon!

Best,

Julia Melio
