

Almost Anything Goes

Summer 2018 Newsletter

August 10, 2018

Hi parents! Thank you to all who spent an extra week with us at camp, the staff thought it was too soon to say goodbye as well and were very happy to spend another week your campers! This week we had a lot of fun playing in the giant field at the Winnetka Park District and doing wacky crafts for wacky week! Monday we had a delayed start to playing outside due to the rain but it didn't last long so once it cleared up the campers spent most of their time playing soccer, infinity tag, and other outdoor games with each other. We also made dream catchers which all the campers loved and got so creative with! Tuesday we again spent time outside before the rain came and made funny popsicle stick puppets. The campers loved this craft as well, creating their own characters with popsicle sticks, pom-poms, and googly eyes. On Wednesday we enjoyed a nice day at the beach, playing in the water all day too as it was open for us this week! Thursday we went to Lego Land where the campers had so much fun building with Legos, riding the Kingdom Quest ride, and watching exciting 4D short films with rain, snow, and wind effects to bring the film to life! We ended our week (and our summer) on Friday with all day water games, one final craft, and more games outside. We are sad to be officially saying goodbye to camp for the summer but are excited to see everyone next year. Best of luck to all our campers this school year and hope you had as much fun as we did this summer!

Have a nice school year!

Sarah Klenkar &
Trinity Lichter
