Happiness Is: Week Five Wrap-up!

From planting bean sprouts in our own painted pots to dancing along to a barnyard concert, farm week was filled with nonstop fun!

1

DROP OFF

Please stay in your cars! We will have a counselor come to the door

2

PLEASE PACK

-Labeled Water Bottle
-Extra Shorts
-Snack & Lunch

3

REMEMBER

Send your child with a note if you are picking up early

Camp Phone
(847) 770 - 0819

**Thursday @
Tower Beach!**

Drop off / Pick up at the top of Tower Rd. Beach. Send your child in a swimsuit with a towel, change of clothes, snack, and lunch.

LOST AND FOUND

Located on the front steps of Crow Island. Text us about what you are missing / park on the side of Glendale to look through it

Campers were excited to begin farm week this past Monday, arriving to camp full of energy and excitement. We discussed the many animals, the vegetables grown, and the games played on the farm. At the beginning of each day, rooms colored a farm themed coloring sheet with crayons and markers. In the art room on Monday, campers created their own beaded bracelets, keychains, and necklaces using rainbow colored beads strung onto pipe cleaners.

Groups also played a wide variety of games in the gym upon the conclusion of a short yoga session to begin.

We were ecstatic to have another water day this past Tuesday! Campers splashed in pools, ran through sprinklers, danced under the hose, and popped bubbles. Those that did not wish to participate played with hula hoops and drew with chalk on the nearby steps with one of their counselors and other group members.

In the art room, children painted the pots white to create a blank canvas for their designs. Afterwards, campers laid them out to dry in their classrooms overnight in preparation for the next day.

Wednesday was an incredibly exciting day because of our barnyard concert! It was held on the side blacktop, giving campers an infinite amount of room to dance around to the upbeat music. Miss Jamie put on a phenomenal show that every child adored. Her magic chick turned them into dancing farm animals and her pig puppets introduced them to the noises every animal makes. We danced to the hokey pokey and Miss Jamie's unique original songs.

Before the performance, in the craft room, sponges were used to create a wide variety of designs ranging from abstract patterns to vibrant flowers on our pots. Each room was given a different color, ranging from red to purple. Campers loved using the sponges, as it was a fun substitute to a paint brush! Kids finished out the day by reading a book under the shade within the middle field.

We were fortunate enough to have another amazing beach day at Tower Road on Thursday. Campers jumped in the waves, built castles in the sand, and jumped around on both playgrounds. All loved searching for sea glass and burying themselves in the sand. It was great to play games with our counselors and other group members throughout the entire day! We were sure to be constantly applying sunscreen and drinking water.

On the last day of the week, campers planted their bean seeds into their freshly painted pots. Those who are not returning this upcoming week brought their pots home on Friday, while all others will do this within the next few days. Children scooped dirt into their pots, poked holes in the soil, and placed their seeds into their wonderfully decorated pots. In

addition, campers played tag and kickball on the playground, listened to music, and took a long nature walk through the Crow Island Woods. We are sad to conclude another week of camp - the summer has flown by! We are looking forward to seeing everyone on Monday and starting Wacky Week for our final week of camp!

July 2018

	Monday	Tuesday	Wednesday	Thursday	Friday
	23	24	25	26	27
	Wacky Week! Summer Obstacle Course Mask Decorating	Water Day! Bring Towel & Change of Clothes Fire Department Spray-Down!	 CARNIVAL!	BEACH DAY Tower Rd. 	Last Day of Camp  Have a great rest of the summer!
