2

PLEASE PACK

-Labeled Water Bottle
-Extra Shorts
-Snack & Lunch

3

REMEMBER

Send your child with a note if you are picking up early

LOST AND FOUND

Located on the front steps of Crow Island. Text us about what you are missing / park on the side of Glendale to look through it

These past weeks have gone by incredibly fast, and we are all incredibly sad to finally reach the last day of camp. We loved getting to know each and every one of our campers and hope they enjoyed camp as much as we did! We spent another great week in the tennis shack, enjoying walks to Skokie School and adventures on the Park District playground. Campers and staff alike were ecstatic to have one last water day on Tuesday, running through sprinklers, buckets, and pools on the turf fields.

No camper was dry once water day ended, which was a fantastic way to stay cool underneath the hot sun. We also got soaked during our final beach day of the summer! Despite the water being closed due to high bacteria, campers still got drenched! Everyone splashed in the water tables, skipped underneath the sprinklers, and jumped through the hose. On Tuesday, campers and staff were able to witness an incredible bubble show! The bubble man amazed us with his unbelievable tricks. Not a single camper was able to take their eyes off the fabulous display of

smoke filled bubbles, square bubbles, and incredibly large bubbles. The bubble man was even able to engulf campers within enormous bubbles.

We also created elaborate crafts, ranging from paper plate jellyfish, clay animals, and paper bag puppets. The campers had a wonderful time making their unique creations with a wide variety of materials such as googly eyes, pom poms, tissue paper, pipe cleaners, and markers. We also played tennis at AC Nielson and tried out paddle tennis at the Paddle Hut.

We hope that every family has a great rest of their summer and a wonderful school year! We thank you all for a fantastic and fun filled summer and hope to see everyone next year, whether it be at Happiness Is or Almost Anything Goes!
