

Week 8: Olympics

Dear Parents & Guardians,

The last week of camp has arrived and it is hard to believe that we have spent eight weeks having so much fun together! Over the past five days we had a chance to act like Olympians ourselves through participating in a variety of activities that mimicked certain skills of an Olympian. This week we had Olympic stations that challenged campers in how fast they could run, how many push up's they could complete, how long they could hula hoop, how far they could throw, how many times they could juggle a soccer ball, and how many baskets they could make in one minute. The campers participated in capture the flag, hot seat, heads down, detective, and go fish as some of our outdoor activities. Our indoor games consisted of line tag, Skokie, hockey, musical chairs, and soccer. Our crafts this week included banners, sand art, bracelets and Perler Beads. In addition to our indoor and outdoor games we traveled to Vernon Hills

Aquatic Center on Tuesday, the Winnetka Ice Rink on Thursday, and the beach on Friday. The Vernon Hills Aquatic Center allowed the campers to enjoy swimming in the pool, a lazy river, slides, and sprinklers. The Winnetka Ice Rink provided the campers with an opportunity to experience Broomball and have fun sliding around on the ice. The beach yet again was a lot of fun for the campers, especially with our Cook out!

Reminders:

- All missing items will be brought to the Winnetka Park District.
- Matt Cabrera, one of our counselors, would love to babysit at anytime and can be reached at (847) 946-8792.

The staff and I had a great time getting to know each of the campers this summer! We had so much fun and wish everyone a great rest of the summer and best of luck in the coming school year!

Thank you,

Laura Ward, Camp Director Almost Anything Goes
