

# Adventure Camp 2016

Director: Sam Scherer (847-770-0843)

This past week was another great one at Adventure Camp! The week was filled with games and activities that centered around cooperation and teamwork! On Monday we spent the morning hunting down items all around Winnetka in teams. Congrats to our winners who chose candy as their prize! All other campers received a new pair of Winnetka Park District sunglasses.

On Tuesday we made our way over to the Northbrook Park District and had the chance to climb a rock wall and into the forest to play in some great team activities! We played games that required us to think creatively and efficiently to

successfully complete.

Campers and counselors worked hard together to pass through the treacherous tunnels.

Wednesday we all traveled to compete in the Teen Camp Olympics and placed third with one

of our teams! The games included the cheese ball toss, trivia, water races and more!

We competed against camps from all over Illinois and had another great day.

Thursday we traveled to Wheeling and splashed at the waterpark! We were able to go down huge drop slides, a tube slide, had some slushies and crossed the lily

pads and cargo net! Friday we headed over to Tower Beach where the campers were able to try their hands at fishing. We had some campers who were able to nab a few fish right off of the pier! The campers who didn't fish were able to play Nukem, Four goal soccer, and swim in the lake.

We are looking forward to another great week highlighted by our visit to Six Flags on Wednesday!
