

WEEK THREE

Happiness Is 2

Hi parents!

We had an amazing third week of camp learning all about nature!

We kicked off the week with an awesome time at the beach. Campers jumped around in the water, collected sea glass, played group games in the sand, and listened to fairytale stories from the counselors.

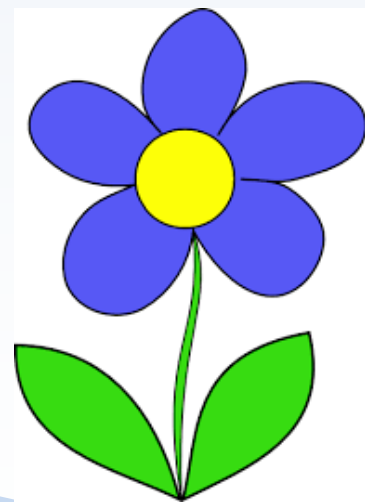

On Tuesday campers enjoyed a visit from naturalists who taught them all about different kinds of bugs and plants. He also sent them on a nature scavenger hunt where the kids used butterfly nets to catch small flies!

On Wednesday we did not have water activities, but stayed dry from the rain by painting our ceramic flowerpots! We had dance parties in the gym, read stories about weather and storms, and drew pictures of flowers!

We were outside for most of Thursday enjoying the cool weather. We did parachute in the triangle field and covered the blacktop in chalk. The campers colored in rose and sunflower outlines in the afternoon before playing tag in the backfield.

On Friday we gardened! The counselors helped the campers fill their painted pots with soil and plant green bean seeds. The kids did all the watering and we talked about how plants grow. We're looking forward to see how much they have grown over the weekend!

Best,
Julia and Sarah
