

MIDDLE SCHOOL MADNESS

...and the madness continues with week 6! On Monday, we started off the week with some ultimate laser tag in the morning before walking to West Elm Park where we had a giant water balloon fight and played a fun game of drip, drip, DROP! On Tuesday, we hopped on the bus and headed up to Action Territory in Kenosha, where we drove Go Karts and Bumper Boats, played mini golf, and won awesome prizes at the arcade on Tuesday. On Wednesday, we had another one of our beautiful beach days filled with playing in the sand and swimming to the buoy. On Thursday, we went to an awesome water park called Magic Waters in Wheeling, where we played under a giant waterfall and rode all of the waterslides. We ended the week with another hot beach day on Friday, where we had a dance party and played games in the water.
