

MIDDLE SCHOOL MADNESS

Thank you to everyone who came to camp and made it an amazing summer. This summer we went on so many awesome field trips which included water parks, arcades, and even Six Flags. Along with our fields trips we also hung out at the rec center running around on the turf, playing cards, and also went to the beach. This summer was filled so many fun memories and we are sad that it is coming to an end. Once again, thank you to everyone who came to camp and made it a memorable summer!

Thank you!
