Our Week Two Adventures

Monday we started off the week testing our strength to see how high we could climb at Vertical Endeavors! This is one of the new places for Adventure camp this year and the kids were pushing their limits all climbing to the top. On Tuesday we watched the Schaumburg Boomers take on the Joliet Slammers. It was a warm and sunny day great for a baseball game. Wednesday started off with some beach time in the sun followed by tennis time at the A.C Nielsen tennis center where the kids focused on being ready for the ball and hitting the ball at the contact point. Thursday took us to Whirly Ball where the kids enjoyed a mix between bumper cars, basketball, and lacrosse! At the end of the week we had a scavenger hunt around town and tested our skills at archery.

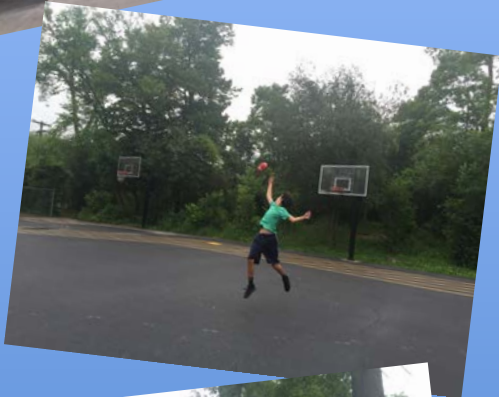

Chillin' by the Lake.
