Springfield, Illinois 62701

Dear Director:

The Winnetka Park District is submitting an application for a Fast Track Public Infrastructure grant under the Rebuild Illinois program. The grant request is in the amount of \$2,000,000.00 to be used for the construction of three (3) quarry stone breakwaters in Lake Michigan, bluff restoration, and beach nourishment at Lloyd Park, 799 Sheridan Road, Winnetka, IL 60093. Additional funds in the amount of up to \$3,000,000.00 to be used for the completion of the project will come from debt proceeds.

I certify that this application meets the eligibility thresholds as outlined in the Notice of Funding Opportunity and Rebuild Illinois Guidebook.

Very truly yours,

A handwritten signature in black ink, appearing to read "John Peterson".

SECTION - A (continued) Indirect Cost Rate Information

If your organization is requesting reimbursement for indirect costs on line 17 of the Budget Summary, please select one of the following options.

1) Our Organization receives direct Federal funding and currently has a Negotiated Indirect Cost Rate Agreement (NICRA) with our Federal Cognizant Agency. A copy of this agreement will be provided to the State of Illinois' Indirect Cost Unit for review and documentation before reimbursement is allowed. This NICRA will be accepted by all State of Illinois Agencies up to any statutory, rule-based or programmatic restrictions or limitations.

NOTE: (If this option is selected, please provide basic Negotiated Indirect Cost Rate Agreement information in area designated below)

Your Organization may not have a Federally Negotiated Indirect Cost Rate Agreement. Therefore, in order for your Organization to be reimbursed for Indirect Costs from the State of Illinois, your Organization must either:

- A. Negotiate an Indirect Cost Rate with the State of Illinois' Indirect Cost Unit with guidance from your State Cognizant Agency on an annual basis.
- B. Elect to use the de minimis rate of 10% modified total direct cost (MTDC) which may be used indefinitely on State of Illinois Awards.
- C. Use a Restricted Rate designated by programmatic or statutory policy. (See Notice of Funding Opportunity for Restricted Rate Programs)

2a) Our Organization currently has a Negotiated Indirect Cost Rate Agreement with the State of Illinois that will be accepted by all State of Illinois Agencies up to any statutory, rule-based or programmatic restrictions or limitations. Our Organization is required to submit a new Indirect Cost Rate Proposal to the Indirect Cost Unit within six (6) months after the close of each fiscal year (2 CFR 200 Appendix IV (C)(2)(c)).

NOTE: (If this option is selected, please provide basic Indirect Cost Rate information in area designated below)

2b) Our Organization currently does not have a Negotiated Indirect Cost Rate Agreement with the State of Illinois. Our Organization will submit our initial Indirect Cost Rate Proposal (ICRP) immediately after our Organization is advised that the State award will be made and, in no event, later than three (3) months after the effective date of the State award (2 CFR 200 Appendix IV (C)(2)(b)). The initial ICRP will be sent to the State of Illinois' Indirect Cost Unit.

NOTE: (Check with your State of Illinois Agency for information regarding reimbursement of indirect costs while your proposal is being negotiated)

3) Our Organization has never received a Negotiated Indirect Cost Rate Agreement from either the Federal government or the State of Illinois and elects to charge the de minimis rate of 10% modified total direct cost (MTDC) which may be used indefinitely on State of Illinois awards (2 CFR 200.414 (c)(4)(f) & (200.68)).

NOTE: (Your Organization must be eligible, see 2 CFR 200.414 (f), and submit documentation on the calculation of MTDC within your Budget Narrative under Indirect Costs)

4) For Restricted Rate Programs (check one) -- Our Organization is using a restricted indirect cost rate that:
 Is included as a "Special Indirect Cost Rate" in our NICRA (2 CFR 200 Appendix IV (5)) Or,
 Complies with other statutory policies (please specify): _____
 The Restricted Indirect Cost Rate is _____ %

5) No reimbursement of Indirect Cost is being requested. (Please consult your program office regarding possible match requirements)

Project Summary

Impact Amplification

Lloyd Park provides one of the few public Illinois boat launches and training centers on Lake Michigan serving residents throughout the greater Chicagoland area. However, according to the U.S. Army Corps of Engineers, from May 15, 2019 to May 15, 2020 the lake has risen in elevation 7" and is between 2"-3" above its highest monthly average for May. Water levels are forecast to rise an additional 2" by June 15, 2020. The elevated water levels coupled with storms and wave action has caused significant damage on the bluffs and infrastructure at Lloyd Park as well as the District's other four (4) lakefront parks. This has negatively impacted lakefront access for the owners of recreational motorized and non-motorized vessels that use the site throughout the boating season, May through October. Operations declined substantially in the 2019 season and have currently ceased due to the unsafe conditions and damaged infrastructure.

Over 5 years, on average, Lloyd Park accommodated 192 sailboat rack rentals plus 99 total beach launch passes and 86 additional launch passes. An average of 208 boats were launched each season off of the pier. Sailing classes totaled 313 participants. For the above numbers, approximately 15% to 30% are non-residents. Thus, due to the closure of Lloyd Park, there will be an estimated loss of income to the Winnetka Park District of \$223,941.00 in cancelled rentals, launch fees, and classes.

Over the last 15 years, more than twenty (20) feet of the Lloyd Park bluff has been lost due to erosion, causing dangerous conditions for park patrons as well as the loss of native understory plants and trees. During this time, the displacement of sand has required the need for sand replacement on the beach as well as additional dredging in the boat launch ramp. Park staff has been deployed from other essential agency activities to deal with the unsafe conditions and emergency repairs to site infrastructure.

Minority Inclusion Plan

The Winnetka Park District plans on abiding by fair bidding practices, with an intent to award 20% to minority contractors.

Business Infrastructure

The Lloyd Park facility provides seasonal employment for 13 staff members on the launching pier alone. Additionally, we operate two (2) summer camps that require 15 employees for our Junior Sailing and Water Explorer programs, which are popular and helpful to working parents seeking care for their children. Our inability to hire for these programs impacts the community as many of our employees rely on these jobs for educational expenses.

The park draws traffic through the Winnetka business districts. Its closure hurts retail establishments that provide food and other goods and services to patrons of Lloyd Park, thus impacting the local economy. A local retailer that supplies paddleboard and kayak rentals during the season is also being negatively impacted financially due to the site closure.

Key Details

The project consists of the construction of three (3) quarry stone breakwaters in Lake Michigan and beach nourishment at Lloyd Park, 799 Sheridan Rd., Winnetka, IL 60093.

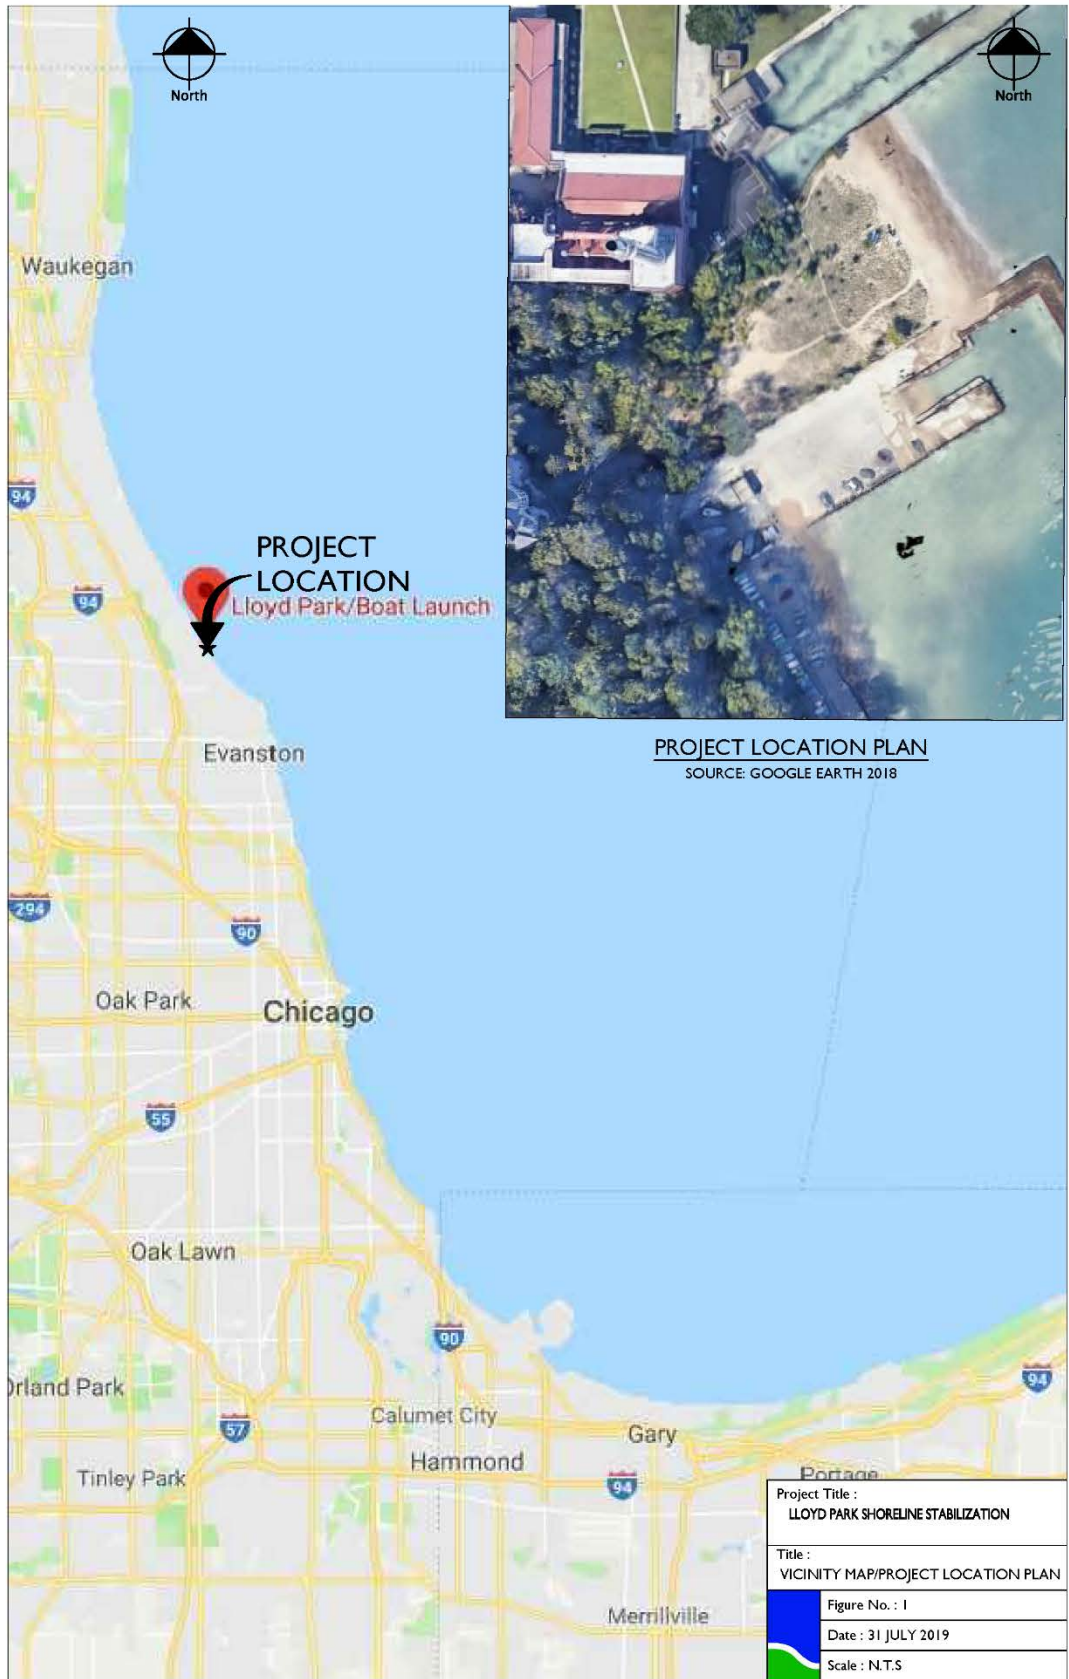

Lloyd Park is a 9.53-acre park with approximately 820 feet of Lake Michigan frontage. The park consists of rolling wooded tableland rising approximately 40 to 70 feet above the beachfront. An access road and parking areas (originally built in 1962 and recently repaved) are on the upper bluff. A concrete road (rebuilt in 2012 during a relocation of a Village of Winnetka 20" water main from its old and eliminated location on the beach) provides access from the upper bluff to a launching pier (originally built in 1962 and expanded around 1985). On the beach, a wooden boardwalk provides handicapped access from the pier past sailboat racks to a beach house (originally constructed in 1963 and renovated in 1998) that includes restrooms, sail storage and meeting rooms. On the pier itself, an area is fenced off for larger sailboat storage and includes two (2) precast concrete storage buildings. The launching ramp has removable metal boardwalks (installed in 1997). The Winnetka Park District received a State of Illinois Boat Access Area Grant (BA 96-167) in 1996 for \$130,900 which was used for the installation and renovation of several of the above amenities.

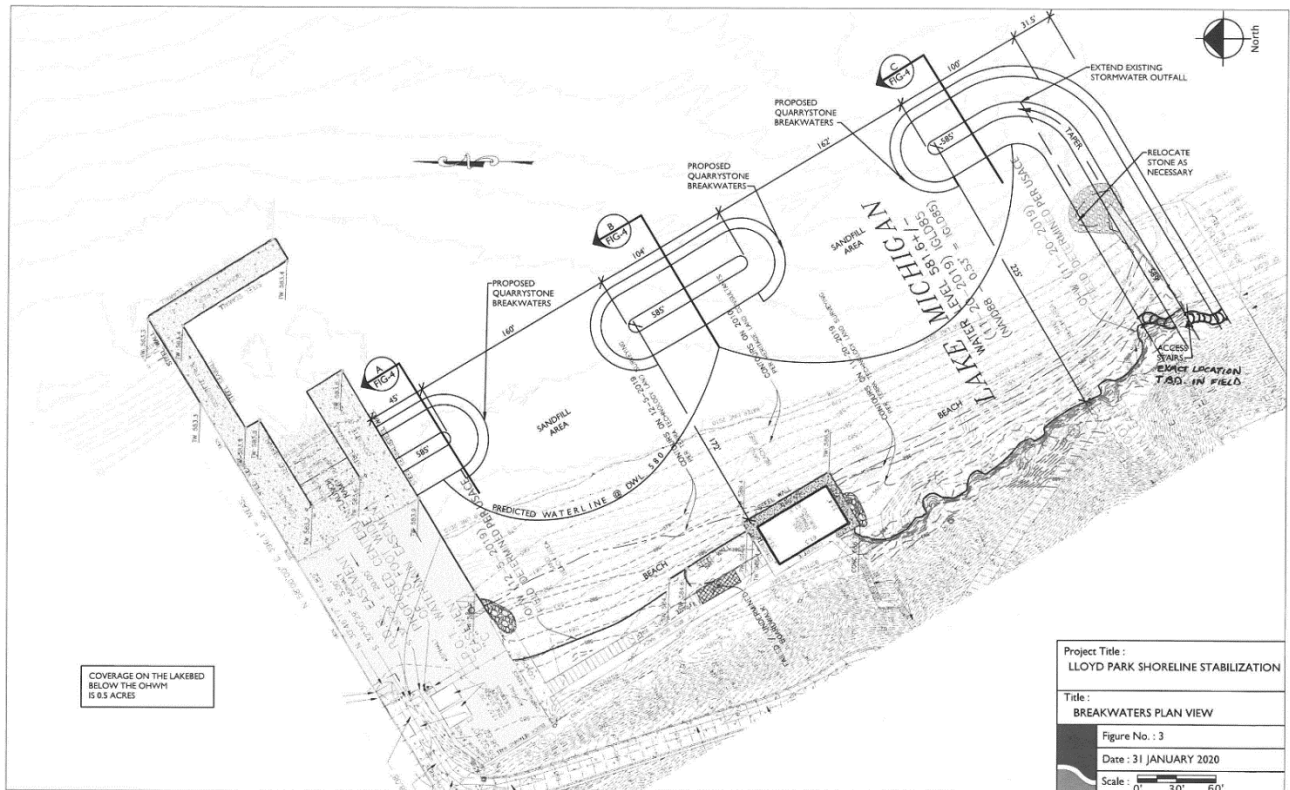

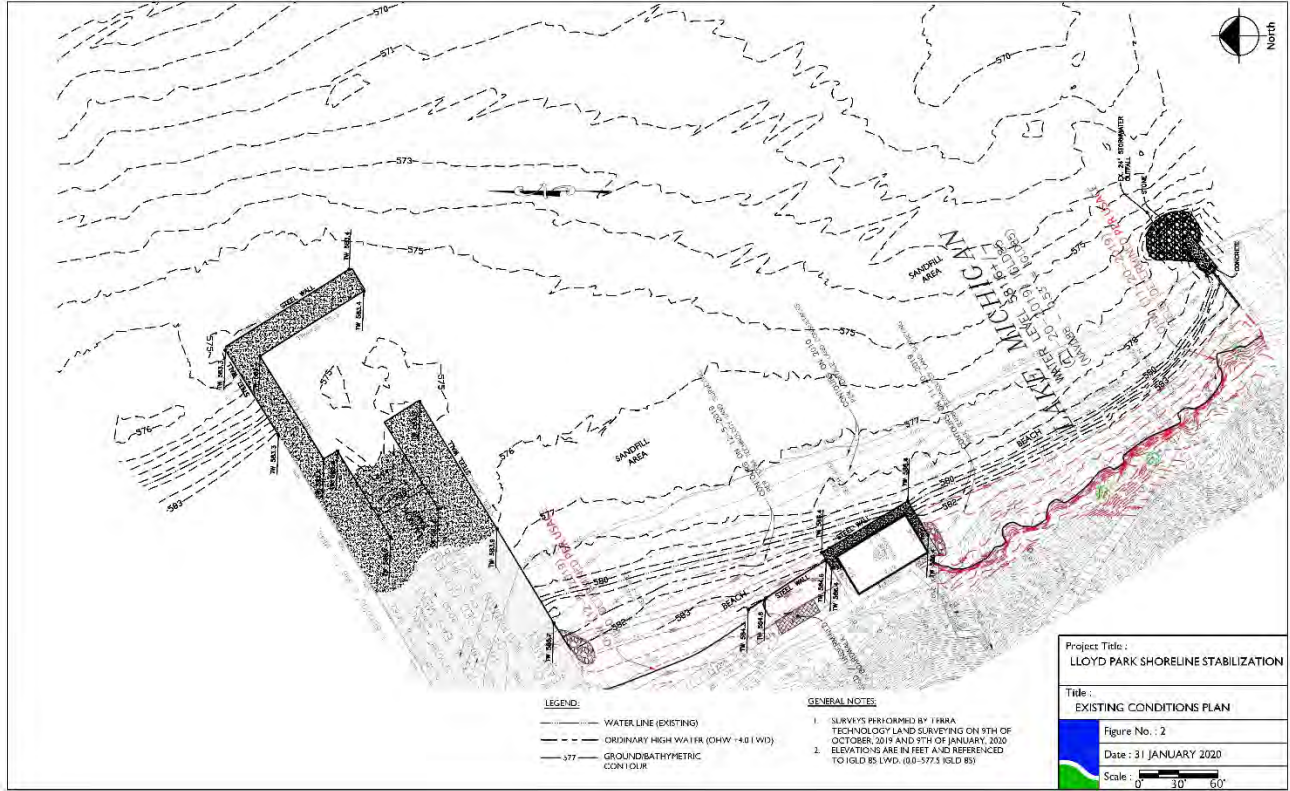

Many pieces of infrastructure in the park have been affected by the high water along Lake Michigan. The beach house has had windows and protective railings broken. Park staff has had to install large stone riprap to protect the southeast corner of the building from being undermined. The south portions of the boardwalk and sailboat racks have been damaged or swept away, while the north portions have been buried under sand. The boat storage area on the pier has had fencing damaged. The launching pier itself has been subject to heavy water and sand coverage causing damage to the pier surface and the removable boardwalks which are stored on the pier. The lack of a protective sand beach area has also created damaging winter ice conditions which negatively impacts the site infrastructure.

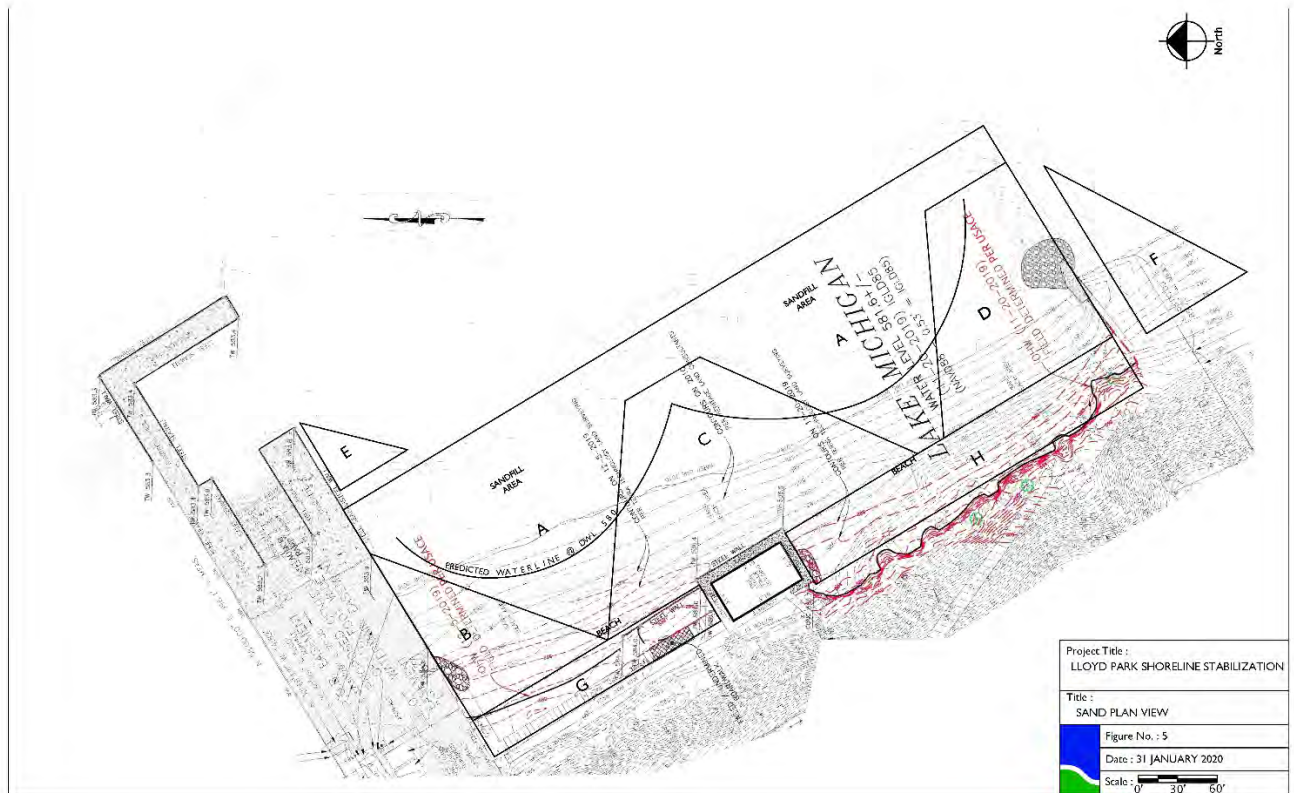

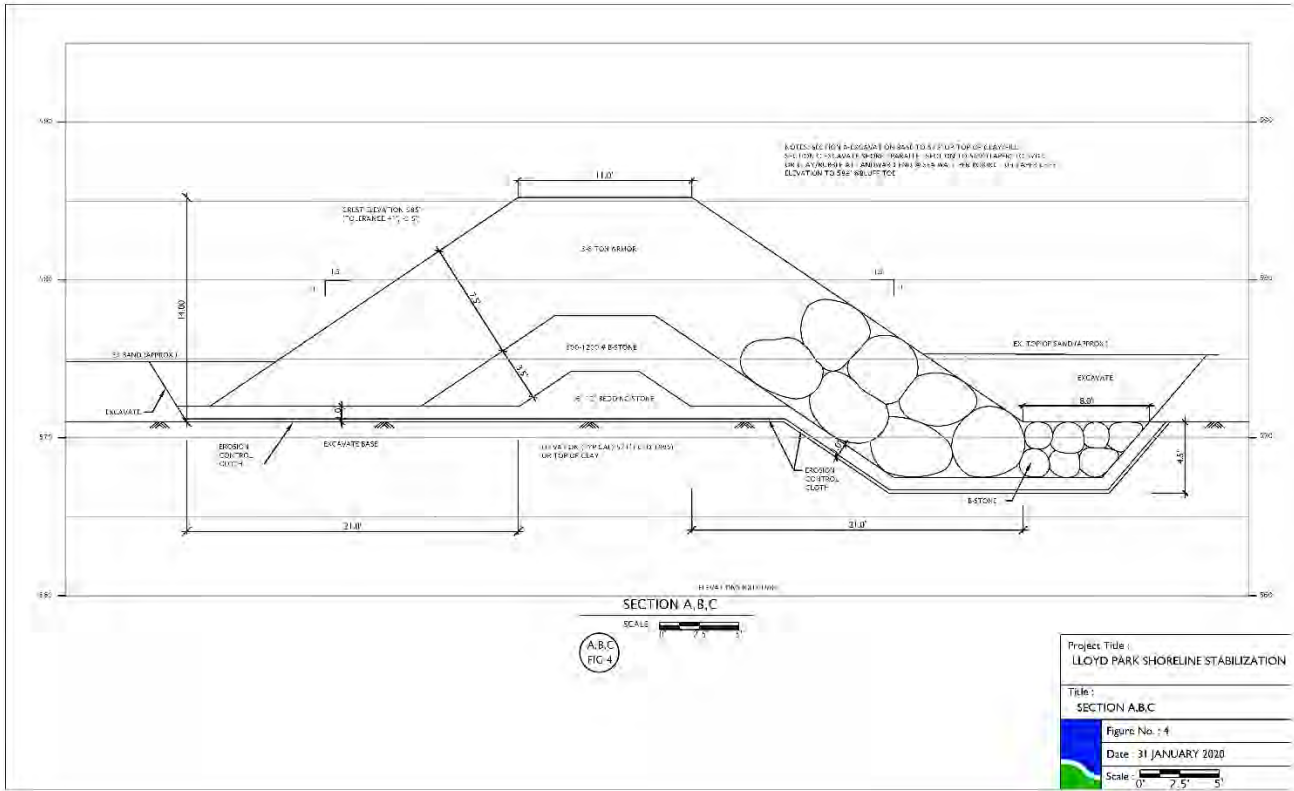

The proposed project (see attaching drawings) will greatly eliminate the effect of waves along the shore, with the breakwaters providing a protective barrier to preserve the site amenities while allowing Lake Michigan access. The beach will be restored and the breakwaters will allow sand to naturally accumulate to further protect the shoreline and bluff. The breakwater and sand nourishment portion of the project is scheduled to begin on July 6, 2020 and be completed by November 30, 2020. Project bids will be opened on June 4, 2020 with review and anticipated approval from the Winnetka Park District Board of Commissioners on June 18, 2020.

After the proposed project is completed, the Winnetka Park District will be able to do the additional necessary repairs that will allow the site to be returned to a usable condition. As part of the Winnetka Park District's 2030 Waterfront Master Plan, improvements (see attached drawing) will include landscape restoration, boardwalks, pathways, ramps, steps, and paving to accommodate boat storage, outdoor classrooms, and handicapped access. The launching pier will be elevated approximately 36" to reduce the effects of wave action and an additional breakwater will be installed as an extension to the far eastern edge of the pier to provide more protection for boats as they are using the launching ramp. Additional amenities proposed include a redesigned upper bluff parking lot, restaurant, and new beach house.

The use of Rebuild Illinois Fast-Track Public Infrastructure funds will allow the Winnetka Park District to reduce debt proceeds, saving funds which can be utilized in the future for the proposed improvements for Lloyd Park as well as the other four (4) lakefront parks in its 2030 Waterfront Master Plan.

Project Readiness Summary

Permitting is currently underway for the Lloyd Park Shoreline Protection Construction. Submittals to the governmental agencies required for construction along Lake Michigan were submitted on XX, 2020 and are anticipated to be completed on XX, 2020.

The Winnetka Park District has full control of the Lloyd Park property. Although there are easements from the Village of Winnetka that run through the property, none of the proposed work impacts the easements. The old 20" water main easement that was parallel with the beachfront has been abandoned and removed. The same easement that runs up the bluff has also been abandoned and the waterline converted into an underground drainline that collects the water on the upper bluff from a storm drain inflow into an outflow in riprap in the lake. The new 20" water main easement runs underneath the concrete service drive, the upper bluff, and the south portion of the park.

No water/wastewater treatment agreement is required because of the nature of the project, which involves the installation of three (3) quarystone breakwaters and sand nourishment. There is a proposed extension of the existing stormwater drain described above to an outfall further out in the lake in the south breakwater.

No additional Ownerships of adjacent property are required for completion of the project.

The Winnetka Park District Board of Commissioners has approved a Resolution to use debt finances to pay for the project. No additional funding commitments are necessary to complete the project.

No applications to any railroads, county highway commissioners, Illinois Department of Transportation or other such agencies is required due to the nature and location of the project.

The proposed project under consideration for a grant is not a "phased project". It is restricted to the installation of the breakwaters and beach nourishment, which will be performed at the same time. Further development of the park as described in the project summary (pages 14-20) will be done in the future.

RESOLUTION COMMITTING LOCAL FUNDS

RESOLUTION COMMITTING LOCAL FUNDS

Resolution No. 20-05-28

WHEREAS, the Winnetka Park District Board of Commissioners has taken action to submit a Rebuild Illinois competitive public infrastructure application,

WHEREAS, receipt of Rebuild Illinois grant assistance is essential to allow the Winnetka Park District to undertake the project of Lloyd Park Shoreline Protection Construction,

WHEREAS, criteria are such that financial participation by the grantee is required in conjunction with Rebuild Illinois funds, and

WHEREAS, the Winnetka Park District has certain monies allocated for the above-referenced project with cash on hand, as needed.

NOW, THEREFORE, BE IT RESOLVED THAT the Winnetka Park District does hereby commit funds from debt proceeds for use in conjunction with a Rebuild Illinois Public Infrastructure Grant, such funds equal to 66% of the estimated total project cost of \$5,000,000.00, or \$3,000,000.

PASSED and APPROVED at the special Winnetka Park District Board of Commissioners meeting, held on the 11th day of June, 2020.

Executive Director, Winnetka Park District Board of Commissioners

Seven Day Notice of Hearing

The Winnetka Park District will hold a virtual public hearing on June 11, 2020 at 6:15 pm to provide interested parties an opportunity to express their views on the proposed Rebuild Illinois Fast-Track Public Infrastructure Grant (RIFTPI) project at Lloyd Park for shoreline protection construction. Information about the project and accessing the public hearing is available at www.winpark.org.

Persons with disabilities or non-English speaking persons who wish to participate in the public hearing and need assistance should contact Lara Kuechel, Winnetka Park District, 540 Hibbard Rd., Winnetka IL 60093 (847/501-2076) or lkuechel@winpark.org no later than June 10, 2020. Every effort will be made to make reasonable accommodations for these persons.

The RIFTPI program is funded by state funds as included in the 2019 Capital Bill. The total amount of Rebuild Illinois funds to be requested is \$2 million with the remainder of funds estimated to be \$3 million to be derived from debt proceeds.

Interested residents are invited to provide comments either at the virtual public hearing or by prior written statement. Written comments should be submitted to John Peterson, Executive Director (jpeterson@winpark.org) or at the address above and be received no later than June 10, 2020 in order to ensure placement in the official record of the public hearing proceedings. This project will result in no displacement of any persons or businesses.

The Notice of Public Hearing **must** be published at least once in a newspaper of general circulation at least seven calendar days (excluding the date of publication *and* the date of the hearing) prior to the public hearing. All project information must be available for viewing on the first date of publication at a location within the community.

Insert Certified Minutes here.

The minutes of the public hearing must be certified by the chief elected official or other authorized local officials, such as county clerk, city clerk, etc.

LOCAL GOVERNMENT CERTIFICATIONS

On this 26th of May, 2020, the Park Board President, Arthur Archambault of the Winnetka Park District hereby certifies to the Department of Commerce and Economic Opportunity in regard to an application and award of funds through the Rebuild Illinois Grant that:

1. It confirms that no aspect of the project for assistance has or shall commence prior to the award of funds to the community and the receipt of an environmental clearance from the Department.
2. It will comply with the Interagency Wetland Policy Act of 1989 including the development of a plan to minimize adverse impacts on wetlands, or providing written evidence that the proposed project will not have an adverse impact on a wetland. It confirms that Project must also comply with Federal Wetlands Protection regulations at 24-CFR 58.5(b)(2) and Executive Order 11990, which may require preparation of an Eight-Step Wetlands Review.
3. It will comply with the Illinois Endangered Species Protection Act and the Illinois Natural Area Preservation Act by completing the consultation process with the Endangered Species Consultation Program of the Illinois Department of Natural Resources, or providing written evidence that the proposed project is exempt.
4. It will identify and document all appropriate permits necessary to the proposed project, including, but not limited to: building, construction, zoning, subdivision, IEPA and IDOT.
5. No legal actions are underway or being contemplated that would significantly impact the capacity of the (name of local government) to effectively administer the program, and to fulfill the requirements of the program.
6. It will coordinate with the County Soil and Water Conservation District regarding standards for surface and sub-surface (tile) drainage restoration and erosion control in the fulfillment of any project utilizing Rebuild Illinois funds and involving construction.
7. It is understood that the obligation of the State will cease immediately without penalty of further payment being required if in any fiscal year the Illinois General Assembly or federal funding source fails to appropriate or otherwise make available sufficient funds for this agreement.
8. It acknowledges the applicability of Illinois prevailing wage rate requirements to construction projects; a wage rate determination must be obtained prior to commencement of any construction or equipment installation; and, it shall discuss these requirements with the contractor.
10. It will comply with OMB 2 CFR 200 and applicable areas of Illinois' Grant Accountability and Transparency Act (GATA).
11. The area, in whole or in part, in which project activities will take place, **IS** or **IS NOT** (*circle one*) located in a floodplain.

A FEMA Floodplain map is included in the application (as required) and is located on Page 13

MANDATORY DISCLOSURES

Award applicants and recipients of awards from the State of Illinois (collectively referred to herein as “Grantee”) must disclose, in a timely manner and in writing to the State awarding agency, all violations of State or federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the award. See 30 ILCS 708/40; 44 Ill. Admin Code § 7000.40(b)(4); 2 CFR § 200.113. Failure to make the required disclosures may result in remedial action.

Please describe all violations of State or federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the awarding of a grant to your organization:

None

Grantee has a continuing duty to disclose to the Department of Commerce and Economic Opportunity (the “Department”) all violations of criminal law involving fraud, bribery or gratuity violations potentially affecting this grant award.

By signing this document, below, as the duly authorized representative of the Grantee, I hereby certify that:

- All of the statements in this Mandatory Disclosure form are true, complete and accurate to the best of my knowledge. I am aware that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil or administrative penalties. (U.S. Code, Title 18, Section 1001).
- There is no action, suit or proceeding at law or in equity pending, nor to the best of Grantee’s knowledge, threatened, against or affecting the Grantee, before any court or before any governmental or administrative agency, which will have a material adverse effect on the performance required by the grant award.
- Grantee is not currently operating under or subject to any cease and desist order, or subject to any informal or formal regulatory action, and, to the best of the Grantee’s knowledge, it is not currently the subject of any investigation by any state or federal regulatory, law enforcement or legal authority.
- If Grantee becomes the subject of an action, suit or proceeding at law or in equity that would have a material adverse effect on the performance required by an award, or an investigation by any state or federal regulatory, law enforcement or legal authority, Grantee shall promptly notify the Department in writing.

CONFLICT OF INTEREST DISCLOSURE

Award applicants and recipients of awards from the State of Illinois (collectively referred to herein as “Grantee”) must disclose in writing to the awarding State agency any actual or potential conflict of interest that could affect the State award for which the Grantee has applied or has received. See 30 ILCS 708/35; 44 Ill. Admin Code § 7000.40(b)(3); 2 CFR § 200.112. A conflict of interest exists if an organization’s officers, directors, agents, employees and/or their spouses or immediate family members use their position(s) for a purpose that is, or gives the appearance of, being motivated by a desire for a personal gain, financial or nonfinancial, whether direct or indirect, for themselves or others, particularly those with whom they have a family business or other close associations. In addition, the following conflict of interest standards apply to governmental and non-governmental entities.

- a. Governmental Entity.** If the Grantee is a governmental entity, no officer or employee of the Grantee, member of its governing body or any other public official of the locality in which the award objectives will be carried out shall participate in any decision relating to a State award which affects his/her personal interest or the interest of any corporation, partnership or association in which he/she is directly or indirectly interested, or which affects the personal interest of a spouse or immediate family member, or has any financial interest, direct or indirect, in the work to be performed under the State award.
- b. Non-governmental Entity.** If the Grantee is a non-governmental entity, no officer or employee of the Grantee shall participate in any decision relating to a State award which affects his/her personal interest or the interest of any corporation, partnership or association in which he/she is directly or indirectly interested, or which affects the personal interest of a spouse or immediate family member, or has any financial interest, direct or indirect, in the work to be performed under the State award.

The Grantee shall also establish safeguards, evidenced by policies, rules and/or bylaws, to prohibit employees or officers of Grantee from engaging in actions, which create or which appear to create a conflict of interest as described herein.

The Grantee has a continuing duty to immediately notify the Department of Commerce and Economic Opportunity (the “Department”) in writing of any actual or potential conflict of interest, as well as any actions that create or which appear to create a conflict of interest.

Please describe all current potential conflict(s) of interest, as well as, any actions that create or which appear to create a conflict of interest related to the State award for which your organization has applied.

None

If the Grantee provided information above regarding a current potential conflict of interest or any actions that create or appear to create a conflict of interest, the Grantee must immediately provide documentation

to the applicable Department grant manager to support that the potential conflict of interest was appropriately handled by the Grantee's organization. If at any later time, the Grantee becomes aware of any actual or potential conflict of interest, the Grantee must notify the Department's grant manager immediately, and provide the same type of supporting documentation that describes how the conflict situation was or is being resolved.

Supporting documentation should include, but is not limited to, the following: the organization's bylaws; a list of board members; board meeting minutes; procedures to safeguard against the appearance of personal gain by the organization's officers, directors, agents, and family members; procedures detailing the proper internal controls in place; timesheets documenting time spent on the award; and bid documents supporting the selection of the contractor involved in the conflict, if applicable.

By signing this document, below, as the duly authorized representative of Grantee, I hereby certify that:

- All of the statements in this Conflict of Interest Disclosure form are true, complete and accurate to the best of my knowledge. I am aware that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil or administrative penalties. (U.S. Code, Title 18, Section 1001).
- If I become aware of any situation that conflicts with any of the representations herein, or that might indicate a potential conflict of interest or create the appearance of a conflict of interest, I or another representative from my organization will immediately notify the Department's grant manager for this award.
- I have read and I understand the requirements for the Conflict of Interest Disclosure set forth herein, and I acknowledge that my organization is bound by these requirements.

OWNERS TITLE INSURANCE POLICY FORM A

CHICAGO TITLE AND TRUST COMPANY

for valuable consideration hereby insures, as of the date of this policy, the party named in Schedule A against all loss or damage which may be sustained by reason of:

- 1. Defects in the title, as set forth in Schedule A of this policy, to the real estate therein described, or
- 2. Liens or incumbrances affecting the title,

excepting only such defects, liens, incumbrances and other matters as are set forth in Schedule B.

This Company agrees to defend, at its own cost and expense, the title, estate or interest hereby insured in all actions or other proceedings which are founded upon, or in which is asserted by way of defense, a defect, claim, lien or incumbrance against which this policy insures.

The total liability of this Company under this policy is limited to the amount of policy shown in Schedule A, exclusive of costs and expenses of defending the title, estate or interest insured.

This policy is subject to the conditions set forth on the last page hereof, which conditions, together with Schedules A and B, are made a part of this policy.

In Witness Whereof, CHICAGO TITLE AND TRUST COMPANY has caused this policy to be signed and sealed as of the date of policy shown in Schedule A, the policy to become valid when countersigned by an authorized signatory.

Paul W. Goodrich President.

Showing defects, liens, incumbrances and other matters excepted from this policy and against which this Company does not insure. (NOTE: There are no items numbered 1, 2 or 3 under Schedule B.)

Special Exceptions.

4. Taxes for the years 1961 and 1962.

5. Rights, if any, of the United States of America and State of Illinois and the municipality in and to so much if any of the premises in question as may have been formed by means other than natural accretions and in and to so much, if any, as may be covered by the waters of Lake Michigan.

6. Limitations and conditions imposed by law.

General Exceptions.

- Governmental Powers** 1. Because of limitations imposed by law on ownership and use of property, or which arise from governmental powers, this policy does not insure against: (a) consequences of the future exercise or enforcement or attempted exercise or enforcement of police power, bankruptcy power, or power of eminent domain, under any existing or future law or governmental regulation; (b) consequences of any law, ordinance or governmental regulation, now or hereafter in force, (including building and zoning ordinances) limiting or regulating the use or enjoyment of the property, estate or interest described in Schedule A, or the character, size, use or location of any improvement now or hereafter erected on said property; (c) loss by reason of any violation of or liability arising under the statute of Illinois relating to alcoholic liquors, approved January 31, 1934, or any Act amendatory thereof or supplemental thereto; (d) water rentals or water taxes.
- Matters Not of Record** 2. The following matters which are not of record at the date of this policy are not insured against: (a) rights or claims of parties in possession not shown of record; (b) questions of survey; (c) easements and claims of easement not shown of record; (d) mechanics' liens where no notice thereof appears of record; (e) special assessments and special taxes not confirmed by a court of record; (f) defects, liens or incumbrances created subsequent to the date of this policy.
- Acts Suffered by or Known to Party Insured** 3. The following matters relating to acts of the party insured, or assumed by or known to said party, are not insured against: (a) defects, liens or incumbrances created, suffered or assumed by the party insured; (b) rights or claims not shown of record at the date of this policy if known to the party insured at the date of this policy or at the time said party acquired the title, estate or interest insured; (c) loss or damage which the party insured would not have sustained if said party were a purchaser for value; (d) loss or damage by reason of fraud of the party insured; (e) loss or damage in consequence of the party insured having acquired the title, estate or interest insured under a sale or conveyance voidable under the bankruptcy laws of the United States; (f) loss or damage in consequence of lack of corporate power of the party insured, if a corporation, to acquire or hold the real estate, title or interest or any part thereof described in Schedule A for a purpose other than the lawful purposes of its organization; (g) rights of dower and homestead of the spouse, if any, of the party insured, if an individual.
- Refusal to Purchase** 4. This policy does not insure against loss or damage by reason of the refusal of any person to purchase, lease or lend money on the property, estate or interest described in Schedule A.

Conditions. See reverse side hereof

Form A

CONDITIONS

Right of Company to Defend 1. If any action or proceeding shall be begun or defense be asserted in any action or proceeding which this Company is obligated to defend under this policy, this Company shall have the right, at its own expense, to defend in such action or proceeding the title, estate or interest insured; and, in case of an adverse judgment or decree, may have the same reviewed by a court of last resort. If any such action or proceeding shall be begun or defense be asserted, the party insured shall promptly notify this Company thereof in writing and secure to it, when practicable, the right to defend such title, estate or interest, and shall cooperate with this Company in the defense of such action or proceeding and in prosecuting appeals; and, upon a failure in any such respect so to do, then all liability of this Company with respect to the defect, claim, lien or incumbrance asserted or enforced in such action or proceeding shall terminate. Failure to give such notice, however, shall not prejudice the rights of the party insured, (1) if the party insured shall not be a party to such action or proceeding, or (2) if said party, being a party to such action or proceeding, be neither served with summons therein nor have any actual notice of such action or proceeding, or (3) if this Company shall not be prejudiced in its right to defend by reason of such failure to notify.

Notice of Writs Excused 2. In case knowledge shall come to the party insured of the issuance or service of any writ of execution, attachment or other process to enforce any judgment, order or decree adversely affecting the title, estate or interest insured, said party shall promptly notify this Company thereof in writing; and, upon a failure so to do, then all liability of this Company in consequence of such judgment, order or decree or matter thereby adjudicated shall terminate, unless this Company shall not be prejudiced by reason of such failure to notify.

Option to Settle Adverse Claims 3. This Company reserves the right to settle, at its own costs, any claim or suit which may involve a liability under this policy; and, unless this Company shall refuse to defend against such

claim or suit, the party insured shall not voluntarily assume any liability or settle any such claim or suit without the written consent of this Company.

Statement of Loss 4. A statement in writing of any loss or damage sustained by the party insured, and for which it is claimed this Company is liable under this policy, shall be furnished by said party to this Company within sixty days after said party has notice of such loss or damage; and no right of action shall accrue under this policy until thirty days after such statement shall have been furnished. No recovery shall be had under this policy unless suit be brought thereon within one year after said period of thirty days. Failure to furnish such statement of loss or to bring such suit within the times above specified shall forever bar any recovery under this policy.

Subrogation Rights 5. This Company shall, to the extent of any payment by it of loss under this policy, be subrogated to all rights of the party insured with respect to such loss; and the party insured shall execute such instruments as may be necessary to transfer such rights to this Company.

Policy Reduced by Payments of Loss 6. All payments of loss under this policy shall reduce the amount of this policy pro tanto.

Policy Reduced by Mortgage Title Policy 7. So long as there is outstanding any mortgage title policy issued with respect to (a) a mortgage or trust deed shown in Schedule B hereof or (b) a mortgage or trust deed hereafter made by the party insured hereby with respect to the premises herein described, this policy is reduced by the amount of this Company's liability thereunder.

Party Insured Defined 8. The term "party insured" wherever used in this policy means the party named in Schedule A hereof, and (a) the heirs, devisees or personal representatives of such party if an individual, (b) the corporate successors of such party if a corporation, and (c) those to whom this policy may be assigned with the written consent of this Company.

survey of the premises would disclose, zoning and building ordinances, and rights, if any, of the United States of America and the State of Illinois and municipalities in and to so much, if any, of said premises as may have been formed by means other than natural accretions and in and to so much, if any, as may be covered by water of Lake Michigan.

TOGETHER WITH all and singular the hereditaments and appurtenances thereunto belonging or in any wise appertaining, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof, and all the estate, right, title, interest, claim or demand whatsoever of said Parties of the First Part, whether in law or equity, of, in or to the above described premises with the hereditaments and appurtenances.

TO HAVE AND TO HOLD the said premises above described with the appurtenances unto the said Party of the Second Part, its successors and assigns, forever.

AND as further consideration for this conveyance and by the acceptance of this Indenture, Party of the Second Part, for itself, its successors and assigns, agrees as a covenant running with the land that the park to be established on the premises will be known as the "Lloyd Park."

Said Parties of the First Part, for themselves, their successors and assigns, do covenant, promise and agree to and with the said Party of the Second Part, its successors and assigns, that they have not done or suffered to be done anything whereby the said premises are or may be in any manner encumbered or charged except matters to which this conveyance is made subject, and that the said premises against all persons lawfully claiming or to claim the same by, through or under said Parties of the First Part they will warrant and forever defend, except as to said matters as to which

No. 262

AN ORDINANCE

FOR THE ACQUISITION OF REAL ESTATE
IN THE WINNETKA PARK DISTRICT
NECESSARY FOR PUBLIC PARK PURPOSES

The Commissioners of the Winnetka Park District do ordain:

SECTION 1. That the following described tract or parcel of real estate, situated in the Winnetka Park District, Cook County, Illinois is hereby declared to be necessary for public park purposes in said Park District:

All that part of Lot 1 in Lloyd and Robinson's Subdivision in Sections 16 and 17, Township 42 North, Range 13 East of the Third Principal Meridian, lying Southerly of the Southerly line of Trustee's Subdivision of the Northerly portion of said Lot 1, excepting from said Lot 1 the South 100 feet thereof as measured along the Easterly line of Sheridan Road, in the Village of Winnetka, Cook County, Illinois.

SECTION 2. That steps be taken to acquire all of the private property and all of the private interests in said tract or parcel of real estate for public park purposes in the Winnetka Park District, including all riparian estates or rights in or to said real estate and all private rights, reversions, possibilities of reverter and present, future or contingent titles or interests in or to any and all vacated public streets and alleys in, adjacent to, adjoining or upon said tract or parcel of real estate, under the Eminent Domain Act of the State of Illinois.

SECTION 3. That the President of the Winnetka Park District is hereby authorized and directed to negotiate and attempt to agree with the owner or owners of said tract or parcel of real estate for the purchase of the same and in the event he is unable to agree with said owner or owners for the purchase of said tract or parcel of real estate, the Attorney for the Winnetka Park District is hereby authorized and directed to institute

proceedings under the Eminent Domain Act of the State of Illinois for and on behalf of the Winnetka Park District to acquire all private property and all private interests in said tract or parcel of real estate hereinabove described, for public park purposes, including all riparian estates or rights in or to said real estate and all private rights, reversions, possibilities of reverter and present, future or contingent title or interests in or to any and all vacated public streets and alleys in, adjacent to, adjoining or upon said tract or parcel of real estate.

SECTION 4. This Ordinance shall be in full force and effect from and after its passage.

APPROVED:

President
Winnetka Park District

Passed at an adjourned regular meeting of the Board of Commissioners of the Winnetka Park District held on Saturday, January 26, 1957, in the Park District room at the Village Hall, at which Commissioners Anderson, Bayless, Selfridge, Stultz and Wilson were present, all voting "Aye" on roll call.

EASEMENT

RESOLUTION FOR ADOPTION BY WINNETKA PARK BOARD

WHEREAS, the Village of Winnetka has introduced and is about to adopt an ordinance declaring that it is necessary and convenient for the Village of Winnetka to use, occupy and improve under easement the following described real estate owned by the Winnetka Park District and situated in the Village of Winnetka:

A 10-foot wide strip of land on that part of Lot 1 in Lloyd and Robinson's Subdivision in Sections 16 and 17, Township 42 N., Range 13 East of the 3rd P.M., lying Southerly of the Southerly line of Trustee's Subdivision of the Northerly portion of said Lot 1 (excepting from said Lot 1 the Southerly 100 feet thereof, as measured along the Easterly line of Sheridan Road) and the center line of which 10-foot wide strip of land is a line which commences at a point on the Northerly property line of the above-described property at a point 497.76 feet Easterly from the Easterly line of Sheridan Road as measured along said Northerly property line and runs Southerly to a point approximately 12 feet North of the Southerly property line of the above-described property and 505 feet Easterly from the Easterly line of Sheridan Road as measured along said Southerly property line, thence West parallel to said Southerly property line to its intersection with the Easterly line of Sheridan Road at a point 12 feet, more or less, North of said Southerly property line, all in the Winnetka Park District, Village of Winnetka, County of Cook, State of Illinois,

said above described property commonly known as Lloyd Park, for the laying, maintaining, operation, inspection, alteration, repair, renewal, replacement and removal of a water main from the plant of the Water and Electric Department of the Village, extending Southerly over privately owned property, thence Southerly and Westerly over the above described land of the said Park District to Sheridan Road and beyond.

NOW, THEREFORE, BE IT RESOLVED that the form of Easement Agreement between the Winnetka Park District and the Village of Winnetka, a copy of which is attached to this resolution and made a part hereof, be and it hereby is approved;

BE IT FURTHER RESOLVED that upon passage by the Village of Winnetka of the ordinance above referred to, the President and Secretary of the Winnetka Park Board be and they hereby are authorized and directed to execute for and on behalf of the Winnetka Park District and under its seal, and the President is authorized and directed to acknowledge, said Easement Agreement.

BE IT FURTHER RESOLVED that the proper officers of the Winnetka Park District be and they hereby are authorized and directed to record a certified copy of this resolution and the aforesaid Easement Agreement in the Office of the Recorder of Deeds of Cook County, Illinois.

To Winnetka Park District Residents:

State law requires that every general-purpose local government publish within six months of the close of the fiscal year, a complete set of audited financial statements. These statements are presented in conformity with Generally Accepted Accounting Principles (GAAP) and audited by a firm of licensed certified public accountants. This report is published to fulfill that requirement for the fiscal year ended December 31, 2018.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal controls that it has established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Lauterbach & Amen, LLP, Certified Public Accountants, have issued an unmodified ("clean") opinion on the financial statements of the Winnetka Park District for the year ended December 31, 2018. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

THE REPORTING ENTITY AND ITS SERVICES

The Winnetka Park District is located 18 miles north of downtown Chicago and encompasses an area of approximately 238 acres in Cook County. The District serves all of the Village of Winnetka, and small sections of the Village of Glencoe to the north, the Village of Kenilworth to the south, and the Village of Northfield to the west. The area is essentially fully developed, exhibiting a substantial residential sector.

The District, incorporated on February 4, 1904, is governed by a Commissioner-Director form of government and provides recreational services and opportunities to all residents of the District. To accomplish this, the District follows a written mission statement as follows: **"Our Mission is to provide a balance of quality recreation and leisure opportunities, while protecting assets, natural resources, and open space for the benefit of present and future generations."**

540 Hibbard Road, Winnetka, IL 60093
www.winpark.org

(847) 501-2040
Fax: (847) 501-5779

Based on that mission, the District provides a full range of services that include preservation of open spaces and park management, recreational programs and capital development. Recreation facilities operated by the District include 26 park sites, five lakefront beaches including one boat launch, one 18-hole and one 9-hole golf course, a golf driving range, a tennis facility with eight indoor and 12 outdoor courts, a paddle tennis facility with six courts, an indoor ice skating rink, eight baseball/softball diamonds and nine soccer/football/lacrosse fields. It is important to note that as the demand for recreation services increases, the District continues to seek intergovernmental agreements for the joint construction of much needed recreation facilities for its residents.

The District is required to adopt a final budget and appropriations ordinance by no later than 90 days after the beginning of the fiscal year. This annual Budget and Appropriations Ordinance serves as the foundation of the Winnetka Park District's financial planning and control. This budget is prepared by fund, organization (e.g., athletic fields) and activity (e.g., men's softball).

On November 26, 2014, the District was assigned a rating of **Aa1** for its General Obligation Limited Tax Bonds, Series 2014.

FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Winnetka Park District operates.

Local Economy. The Village of Winnetka and surrounding area is primarily a residential community with minimal commercial and industrial properties. The area is essentially fully developed. The District's population is affluent and the median housing value is \$1,020,000.

Long-Term Financial Planning. The District has been operating for the past 20 years under the Property Tax Limitation Act. During the past 16 years, operating expenses have generally increased more rapidly than tax revenues. As a result, long-range planning has become more critical. In prior years, the District increased the fund balance in the General Fund to help finance anticipated future cash outflows derived from planned major initiatives which began in 2012. The fund balance in the General Fund increased at the end of 2018 even though a transfer to help fund capital projects in the Golf Fund was completed. In future years, the District will focus on alternative funding options for capital projects.

An annual budget is prepared by staff using the strategic plan, prior year budget detail, completed business plans, prior year usage statistics, current year estimated increases/decreases from vendors and various "Budget Assumptions."

The legal level of budgetary control is at fund level. The Winnetka Park District has eight governmental funds, the General Fund, five special revenue funds, the Debt Service Fund, and the Capital Projects Fund.

Major Initiatives. Each year when preparing the budget, the District identifies facilities, property or programs that need to either be acquired, developed or expanded to better meet the needs of the citizens and to enhance the quality of recreation within the community. During the 2019 budget process, the Board of the Winnetka Park District approved a capital budget in the amount of \$2,859,456. Specific projects include the implementation of certain elements of the Lakefront Master Plan at a cost of \$1,507,600 as well as various equipment and renovations throughout the District.

During 2018, the capital improvements focused on repair, replacement and maintenance of existing facilities, equipment and park sites. Improvements included completion of the Tennis Center roof replacement and completion of Golf Maintenance outbuildings renovations.

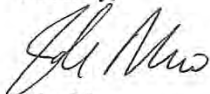

OTHER INFORMATION

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) annually awards a Certificate of Achievement for Excellence in Financial Reporting to qualifying governments. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Certified Annual Financial Report (CAFR). This report must also satisfy both GAAP and applicable legal requirements. A CAFR is valid for one year.

The Winnetka Park District was awarded the Certificate of Achievement for Excellence in Financial Reporting for its Comprehensive Annual Financial Report for the fiscal years 2007 through 2017. This prestigious award is the highest form of recognition in government accounting and financial reporting.

Acknowledgments. We want to thank the members of the finance department staff for their continued attention to detail in financial reporting. Each member has our sincere appreciation for the contributions made in the preparation of this report. Credit also must be given to the Board of Commissioners for their unfailing support for maintaining the highest standards of professionalism in the management of the finances of the Winnetka Park District. We also wish to thank the professional approach of the staff from Lauterbach & Amen, who performed the audit.

INDEPENDENT AUDITORS' REPORT

April 25, 2019

The Honorable District President
Members of the Board of Commissioners
Winnetka Park District, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Winnetka Park District, Illinois, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Winnetka Park District, Illinois, as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents and budgetary information reported in the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Winnetka Park District, Illinois' basic financial statements. The introductory section, combining and individual fund financial statements and budgetary comparison schedules, supplemental schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and budgetary comparison schedules and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

WINNETKA PARK DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS

This narrative overview and analysis of the Winnetka Park District's financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2018. Please read it in conjunction with the additional information that has been furnished in the transmittal letter, which can be found beginning on page 3 of this report; and the District's basic financial statements, which begin on page 20.

FINANCIAL HIGHLIGHTS

- The District's net position (assets and deferred outflows minus liabilities and deferred inflows) totaled \$26,543,502 at December 31, 2018 compared to the restated net position of \$26,110,135 at December 31, 2017, an increase of \$433,367. Of this amount, \$20,902,571 is net investment in capital assets, \$968,236 is restricted and \$4,672,695 is unrestricted and available to meet ongoing and future obligations to citizens and creditors.
- Property and replacement taxes collected were \$5,462,973 and \$34,870, respectively, in 2018 compared to \$5,266,151 and \$36,012 in 2017. The increase of \$196,822 in property taxes reflects a 2.1% increase to the tax levy for operations over 2017.
- Charges for Services resulted in revenues of \$6,627,587, a slight increase of \$17,447 over \$6,610,140 in the prior year.
- The General Fund reported an increase in fund balance of \$353,961, compared to last year's decrease of \$1,822,197 and a budgeted decrease of \$379,238.
- The Park District's outstanding general obligation debt at December 31, 2018 was \$10,025,000.
- Beginning net position was restated due to the District implementing GASB Statement No. 75.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 20 - 23) provide information about the activities of the District as a whole and present a longer term view of the District's finances. Fund financial statements begin on page 24. For governmental activities, these statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the District's operation in more detail than the government-wide statements by providing information about the District's most significant funds.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances. The two government-wide financial statements, Statement of Net Position and Statement of Activities represent an overview of the District as a whole, separating its operations between governmental and business-type activities. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position presents information on all of the District's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of

the District is improving or deteriorating. Consideration of other non-financial factors, such as changes in the District's property tax base, the condition of parks and facilities, satisfaction of stakeholders, and other information beyond the scope of this report, is needed to assess the overall health of the Park District.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their cost through user fees and charges (business-type activities). The governmental activities of the District include general government and recreation. Business-type activities reflect the District's private sector-type operations, where the fee for services typically covers all or most of the cost of operation including depreciation. The business-type activities of the District consist of the golf, tennis, paddle tennis and the artificial ice skating operations.

The government-wide financial statements can be found on pages 20 - 23 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Recreation Fund, the Municipal Retirement Fund, the Debt Service Fund and the Capital Projects Fund; all of which are considered to be major funds. Data from the other three governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The District adopts an annual appropriated budget for its governmental funds. Budgetary comparison schedules have been provided for the governmental activities to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 24 - 29 of this report.

Proprietary Funds

The District maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District uses the enterprise fund to account for its golf operation, tennis operation, paddle tennis operation and indoor ice operation. The operation of the Winnetka Golf Club, AC Nielsen Tennis Center, Winnetka Paddle Tennis Center and the Winnetka Artificial Ice Skating Rink (Winnetka Ice Arena) predominantly benefits the business-type function of the District and is included in the business-type activities in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 30 - 35 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 36 - 70 of this report.

Required Supplemental Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's I.M.R.F. employee pension liability, retiree benefits plan, and budgetary comparison schedules for the General Fund and major special revenue funds. Required supplementary information can be found on pages 71- 77 of this report.

Other Supplemental Information

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules can be found on pages 78 - 93 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that, in the case of the District, assets/deferred outflows exceeded liabilities/deferred inflows by \$26,543,502.

	Net Position					
	Governmental Activities		Business-Type Activities		Total	
	2018	2017	2018	2017	2018	2017

The largest portion of the District's net position (78.7% or \$20,902,571) reflects the investment in capital assets (for example land, buildings, machinery and equipment) less any related debt used to acquire those assets that may still be outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, 3.6% or \$968,236, of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining 17.6% or \$4,672,695, represents unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

The following condensed financial information was derived from the government-wide Statement of Activities and reflects how the District's net position changed during the fiscal year:

Net position of the District's governmental activities increase by 2.2%, or \$290,457 (\$13,612,920 in 2018 compared to a restated balance of \$13,322,463 in 2017). Net position of business-type activities increased 1.1%, or \$142,910 (\$12,930,580 in 2018 compared to a restated balance of \$12,787,672 in 2017).

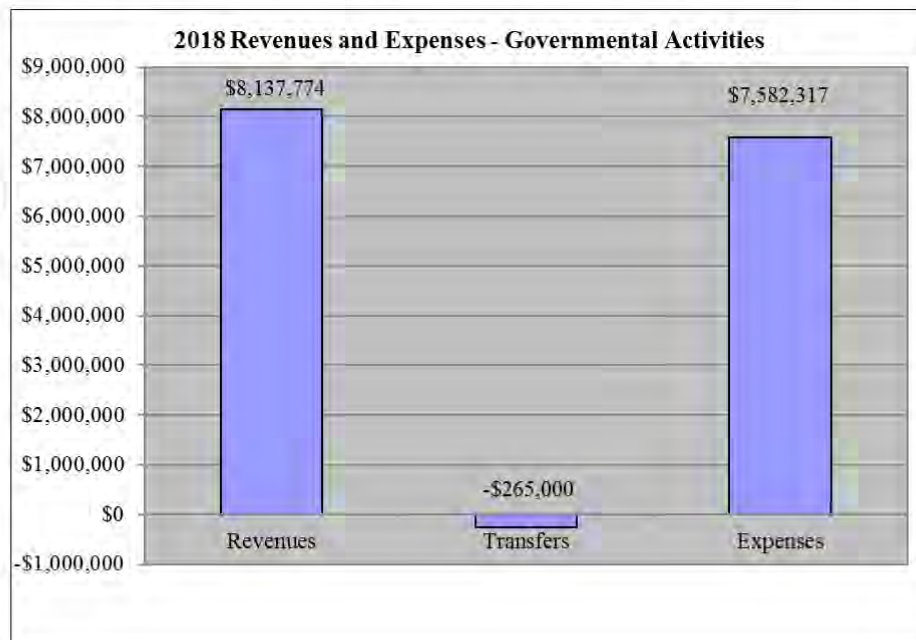

Governmental Activities

The cost of all governmental functions in 2018 totaled \$7,582,317. Revenues to fund governmental activities totaled \$8,137,774; \$2,421,861 from those who directly benefited from these activities, \$5,462,973 from property taxes and \$252,940 from other income.

The following table graphically depicts the major revenue sources of the District. It depicts very clearly the reliance of property taxes and charges for services to fund governmental activities.

The Revenue and Expense Table compares governmental revenues and expenses for 2018.

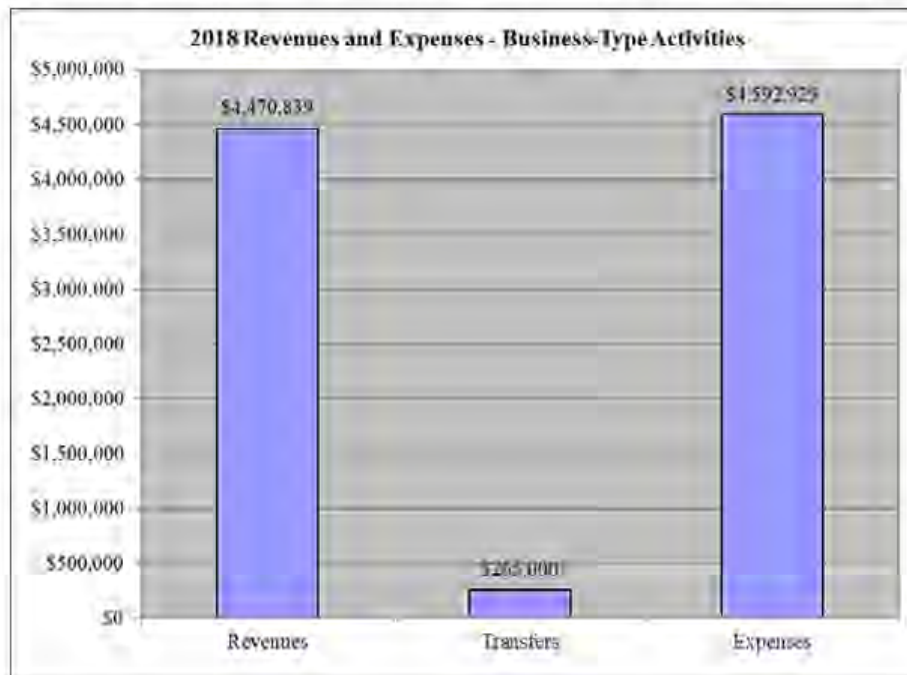

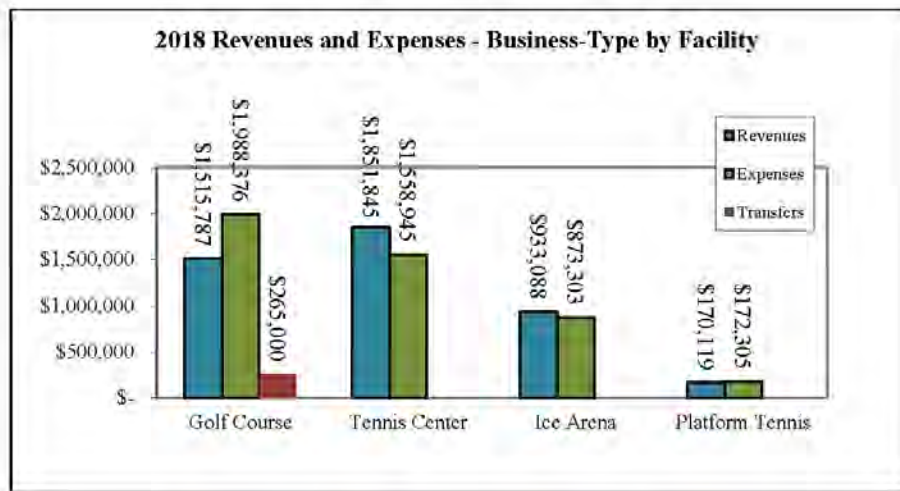

Governmental activities increased the District's net position by \$290,457. Entity-wide performance was affected by:

- Total revenues were higher in 2018 than 2017 by \$323,348; property taxes revenue were higher by a total of \$196,822.
- Total expenses were lower in 2018 than 2017 by \$1,295,867; capital outlay expenses were higher by a total of \$808,841.
- The \$265,000 transfer to the Golf Enterprise Fund to fund capital project expenses decreased governmental net position.

Business-Type activities

Business-type activities posted total revenues of \$4,470,839, while the costs of all business-type activities totaled \$4,592,929 and transfers totaled \$265,000. This increased the District's net position by \$142,910.

The combined net position increase was as follows: The Golf Course decreased \$207,589, the Tennis Center increased \$292,900, the Artificial Ice Arena increased \$59,785 and Platform Tennis decreased \$2,186. The key elements of this change are as follows:

- Business-type activities include depreciation expense of \$614,073.
- In 2018, Golf operating revenues were \$310,080 less than budget.
- The Golf Course Fund received \$265,000 in transfers from the General Fund for capital improvements.
- The Tennis Center operating revenues were \$231,495 more than budget while operating expenses were \$308,247 under budget.
- General Administrative and Garage Allocations were a combined \$73,109 under budget across all 4 facilities.

FINANCIAL ANALYSIS OF THE GOVERNMENT’S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the District’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements.

At the end of the current fiscal year, the District’s governmental funds reported combined ending fund balances of \$5,151,163, which is \$647,079 more than last year’s total of \$4,504,084. Of this amount, \$1,461,735 constitutes unassigned fund balance which is available for spending at the discretion of the District. \$939,191 constitutes assigned fund balance, \$1,727,716 constitutes committed fund balance, \$995,032 constitutes restricted fund balance which is the portion of net position that are subject to external enforceable legal restrictions (property tax levies) and \$27,489 constitutes nonspendable fund balance to

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, total fund balance was \$1,912,352 of which \$1,461,735 was unassigned. The fund balance of the District's General Fund increased \$353,961 during the current fiscal year. This increase is due to the combination of transfers out for capital expenditures totaling \$265,000 while reporting an increase of \$618,961 before transfers.

The Recreation Fund has a total fund balance of \$1,729,937, an increase of \$338,402. Revenues exceeded expenditures by \$338,402.

The Municipal Retirement Fund has a total fund balance of \$377,520, an increase of \$42,166.

The Debt Service Fund has a total fund balance of \$121,749, an increase of \$404.

The Capital Projects Fund has a total fund balance of \$704,191, a decrease of \$109,139. This decrease is due to capital outlays in the amount of \$159,732 being offset by \$50,593 in interest income.

Proprietary Funds

The District's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Golf Course Fund at the end of the year amounted to \$839,385. This is a decrease in unrestricted net position of \$320,116. While expenses exceeded revenues before transfers in by \$472,589, a transfer in of \$265,000 from the General Fund resulted in a total net position decrease of \$207,589 to \$6,115,079.

The Tennis Center Fund unrestricted net position at the end of the current year decreased \$206,580 to \$523,744 and net investment in capital assets increased from \$2,219,788 to \$2,636,259 or \$416,471. The decrease in unrestricted net position and the increase in net investment in capital assets increased net position by \$292,900 to \$3,160,003. The increases in ongoing revenues were higher than similar increases in ongoing expenses.

The Ice Arena Fund unrestricted net position at the end of the year amounted to \$942,227, an increase of \$105,045 and net investment in capital assets decreased from \$2,129,697 to \$2,044,181 or \$85,516. The increase in unrestricted net position and the decrease in net investment in capital assets increase net position by \$59,785 to \$2,986,408.

The Platform Tennis Fund unrestricted net position ended the year at \$150,844, an increase of \$18,586. Net investment in capital assets decreased by \$25,799, from \$544,047 to \$518,248. These changes result in a decreased net position by \$2,186, from \$671,278 to \$669,092.

General Fund Budgetary Highlights

During the year, no supplemental amendments were made to the budget for the General Fund.

The General Fund actual revenues were slightly lower than budgeted revenues. Actual revenues for the current year were \$4,474,369, compared to budgeted revenues of \$4,675,859. This resulted primarily from property taxes coming in under budget by \$37,713 and general & administrative revenues coming in under budget by \$197,876.

The General Fund actual expenditures were lower than budgeted expenditures by \$674,689. Actual expenditures totaled \$3,855,408, while budgeted expenditures totaled \$4,530,097. This was primarily due to capital expenditures being \$163,256 below budget as projects were deferred until later years as well as salaries being \$130,220 below budget due to delays in hiring for vacant positions. Additionally, savings on contractual services were realized as fewer facility and equipment repairs were needed than originally anticipated.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The District's investment in capital assets for its governmental and business-type activities as of December 31, 2018 amounts to \$31,093,135 (net of accumulated depreciation) as reflected in the following table.

	Capital Assets - Net of Depreciation

Major capital asset events during the current fiscal year included the following:

- Completed Tennis Roof Replacement at a cost of \$420,826.
- Completed Golf Maintenance Outbuilding Renovations at a total cost of \$206,671.

Additional information on the District's capital assets can be found in Note 3 of this report.

Long-Term Debt

At the end of the current fiscal year, the District had total bonded debt outstanding of \$10,190,564 which is all debt backed by the full faith and credit of the government.

The District's total debt decreased \$493,047 (4.6 percent) during the current fiscal year. This decrease is due to the \$460,000 in debt retirements, the \$25,795 in installment contract retirements and the \$7,252 amortization of bond premiums.

The District was awarded an “Aa1” rating from Moody’s Investor Service in fiscal year 2014 for general obligation debt. State statutes limit the amount of general obligation debt a government entity may issue to 2.875 percent of its total assessed valuation. The current debt limitation for the District is \$45,014,329, which is significantly in excess of the District’s outstanding general obligation debt.

Additional information on the District’s long-term debt can be found in Note 3 of this report.

Economic Factors and Next Year’s Budget

The District’s staff and Board of Commissioners considered many factors when setting the 2019 budget, tax rates and fees that will be charged for its governmental activities. One of those factors is the economy. The unemployment rate for 2018 for the Village of Winnetka is 3.8%, which is under the state unemployment rate of 4.3%.

The 2018 tax levy (for taxes collected in 2019) includes an assumption of a \$20,000,000 increase to its tax base for new construction projects occurring in the Village of Winnetka and an increase in the tax levy for operations of 2.1% over the 2017 tax levy. In addition, the District continues to rely on user fees that mitigate the limitations on property tax revenues affecting the District.

The 2019 Budget increased by \$650,646 or 5.15%, from \$12,644,434 to \$13,295,080. During the budget process, the District reviews and revises its Long Range Plan (LRP) to reflect changes in the condition of its capital assets, the financial capacity and condition of the Park District and the impact of these factors on the programming needs of the citizens and the maintenance of park property and facilities as well as the preservation of open space.

Capital Projects increased \$716,936, from \$2,142,520 to \$2,859,456. Major capital renovations for 2019 include \$1,507,600 for the Lakefront renovations, \$320,550 for equipment and renovation to the Parks, \$182,232 for equipment and improvements to the Golf Course and Golf Maintenance Center, \$179,000 for equipment, HVAC, security system and paving at the Tennis Center, and \$670,074 for various miscellaneous capitals throughout the District.

to the Statement of Activities - Governmental Activities

For the Year Ended December 31, 2018

Net Change in Fund Balances - Total Governmental Funds	\$ 647,079
--------------------------------------------------------	------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	449,714
Depreciation Expense	(1,066,063)
Disposal of Capital Assets - Cost	(175,820)
Disposal of Capital Assets - Accumulated Depreciation	162,475

The net effect of deferred outflows (inflows) of resources related
to the pensions not reported in the funds.

Change in Deferred Items - IMRF	2,466,337
Change in Deferred Items - RBP	(6,830)

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Decrease in Accrued Interest Payable	895
Decrease to Compensated Absences Payable	7,269
(Increase) to Net Pension Liability - IMRF	(2,587,808)

WINNETKA PARK DISTRICT, ILLINOIS**Notes to the Financial Statements
December 31, 2018****NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Winnetka Park District (District) of Illinois, incorporated in 1904, is duly organized and existing under the provisions of the laws of the State of Illinois. The District is operating under the provisions of the Park District Code of the State of Illinois approved July 8, 1947 and under all laws amendatory thereto. The District operates under the commissioner-director form of government. The District provides a variety of recreational facilities, programs and services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

REPORTING ENTITY

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the District. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

BASIS OF PRESENTATION**Government-Wide Statements**

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The District's preservation of open space, recreational program activities, development and maintenance of the District's various parks and facilities, and general administration are all classified as governmental activities. The District's golf, tennis, paddle tennis and artificial ice skating services are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions and business-type activities (general government, culture and recreation, etc.).

WINNETKA PARK DISTRICT, ILLINOIS**Notes to the Financial Statements
December 31, 2018****NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued****BASIS OF PRESENTATION – Continued****Government-Wide Statements – Continued**

The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property and person property replacement taxes, certain intergovernmental revenues, interest income, etc.).

The District does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. An emphasis is placed on major funds within the governmental and enterprise categories. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

**Notes to the Financial Statements
December 31, 2018****NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued****BASIS OF PRESENTATION – Continued****Fund Financial Statements – Continued****Governmental Funds**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General fund is the general operating fund of the District. It accounts for all revenues and expenditures of the District which are not accounted for in other funds. The General Fund is a major fund.

Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains five special revenue funds. The two major special revenue funds are the Recreation Fund and the Municipal Retirement Fund. The Recreation Fund accounts for the revenue derived from property tax levy and fees collected to fund recreational programs and facilities, maintenance of athletic fields, maintenance of outdoor ice, maintenance of the boat launch and various beaches of the District. The Recreation Fund reports charges for services for recreation programs and property taxes as the major revenue sources for the fund. Charges for services are committed to future recreation programs and facilities and property taxes are restricted to future recreation programs and facilities. The Municipal Retirement Fund accounts for the revenues derived from the restricted property tax levy for the contributions to the Illinois Municipal Retirement Fund and the payment of Medicare and Social Security Taxes to the Federal Government.

Debt service funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service fund is treated as a major fund and records the District's general long-term debt activity.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The District maintains one major capital projects fund, the Capital Projects fund. The Capital Projects fund accounts for expenditures of the proceeds from the sale of bonds for the payment of land condemned or purchased for parks, for the building, maintaining, improving and protecting of the same and the existing land and facilities of the District.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District:

WINNETKA PARK DISTRICT, ILLINOIS

**Notes to the Financial Statements
December 31, 2018****NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued****BASIS OF PRESENTATION – Continued****Fund Financial Statements – Continued**

Enterprise funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The District maintains four enterprise funds. The three major enterprise funds are the Golf Course, the Tennis Center, and the Ice Arena Funds. The Golf Course Fund accounts for the administration, operation, maintenance and related debt service of the District's golf facility. The Tennis Center Fund accounts for the administration, operation, maintenance and related debt service of the District's tennis facilities. The Ice Arena Fund accounts for the administration, operation, maintenance and related debt service of the District's ice skating facility.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

WINNETKA PARK DISTRICT, ILLINOIS

**Notes to the Financial Statements
December 31, 2018****NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued****MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued****Basis of Accounting**

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the District’s enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

WINNETKA PARK DISTRICT, ILLINOIS**Notes to the Financial Statements
December 31, 2018****NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued****ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY****Cash and Investments**

For purpose of the Statement of Net Position, the District's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the District's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are amounts provided with a requirement of repayment. Interfund loans are reported as due from other funds in lender funds and due to other funds in borrower funds for short-term borrowings, and advances to other funds in lender funds and advances from other funds in borrower funds for long-term borrowings. Amounts are reported as internal balances in the government-wide Statement of Net Position, except for amounts between similar activities, which have been eliminated. Services provided and used are sales and purchases of goods and services between funds for a price approximating their external exchange value. Interfund services provided and used are reported as revenues in seller funds and expenditures or expenses in purchaser funds. Unpaid amounts are reported as due to/from other funds in the fund Balance Sheets or Statements of Net position. Reimbursements are reported as repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them. Reimbursements are reported in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Transfers are flows of assets (such as cash or goods) without equivalent flows of assets in return and without the requirement of repayment. In governmental funds, transfers are reported as other financing uses in the fund making transfers and as other financing sources in the funds receiving transfers. In proprietary funds, transfers in/out are reported as a separate category after non-operating revenues and expenses.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes. Business-type activities report charges for services as their major receivables.

Prepays/Inventories

Prepays/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepays/inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepays in both the government-wide and fund financial statements.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more, depending on classification, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Improvements	17 - 50 Years
Buildings and Improvements	17 - 50 Years
Infrastructure	20 - 30 Years
Machinery and Equipment	10 - 25 Years
Vehicles	4 - 5 Years

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents an acquisition/reduction of net position that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Compensated Absences

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets.”

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**BUDGETARY INFORMATION**

All departments of the District submit requests for appropriation so that an appropriation ordinance may be prepared. The appropriation ordinance is prepared by fund, function, and activity, and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year.

The proposed appropriation ordinance is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from, or change appropriations. All appropriations are adopted on a basis consistent with generally accepted accounting principles (GAAP). The appropriation ordinance may be amended by the governing body. Expenditures may not legally exceed appropriation allocations at the fund level. The District adopts appropriations for all of the governmental funds. During the year, no supplementary appropriations were necessary.

NOTE 3 – DETAIL NOTES ON ALL FUNDS**DEPOSITS AND INVESTMENTS**

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the District's funds.

Permitted Deposits and Investments – Statutes authorize the District to make deposits/invest in commercial banks, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreement to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, and the Illinois Funds and the Illinois Park District Liquid Assets Fund.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, which is the price for which the investment could be sold.

The Illinois Park District Liquid Asset Fund allows Illinois park districts, forest preserves and joint recreational programs to pool their funds for investment purposes. The Illinois Park District Liquid Asset Fund is composed of finance officials and treasurers all of whom are employees of the Illinois public agencies, which are investors in the Illinois Park District Liquid Asset Fund. The Illinois Park District Liquid Asset Fund is not registered with the SEC as an Investment Company. Investments in the Illinois Park District Liquid Asset Fund are valued at the share price, the price for which the investment could be sold.

**Notes to the Financial Statements
December 31, 2018****NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued****DEPOSITS AND INVESTMENTS – Continued****Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk**

At year-end, the carrying amount of the District's deposits totaled \$4,686,059 and the bank balances totaled \$4,712,880. The Park District also has \$76,521 in the Illinois Funds and \$4,225,502 in the Illinois Park District Liquid Assets Fund.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's limits its exposure to interest rate risk by attempting to coincide its investment maturities with projected cash flow needs. The investment policy requires that the maximum maturity of its investments shall be under 10 years. The average maturity of the total portfolio shall not exceed 5 years. The Illinois Funds and Illinois Park District Liquid Assets Fund have an average maturity of less than one year.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law limits investments in commercial paper, corporate bonds and mutual bond funds to the top two ratings issued by nationally recognized statistical rating organizations. The District's investment policy does not further limit its investment choices. As of December 31, 2018, the District's investment in Illinois Funds is rated AAAs by Standard & Poor's and the District's investment in the Illinois Park District Liquid Assets Fund is rated AAAs by Standard & Poor's.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District has adopted a policy addressing concentrations of credit risk. The policy states that commercial paper cannot exceed 10% of the portfolio, U.S. Agencies cannot exceed 20% of the total portfolio, and certificates of deposit in any one financial institution cannot exceed 10% of the portfolio unless fully insured. The policy places no limit on the amount the District may invest in U.S. Treasury bills, notes and bonds, Illinois Funds and Illinois Park District Liquid Assets Funds. At December 31, 2018, the District does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. At December 31, 2018, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance. Furthermore, the District's investment policy states that the amount of collateral provided will not be less than 110% of the fair market value of the net amount of public funds secured. At year-end, the entire amount of the bank balance of deposits was covered by collateral, federal depository or equivalent insurance. For an investment, this is the risk that, in the event of the failure of the counterparty, the will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At December 31, 2018, the District's investment in Illinois Funds and Illinois Park District Liquid Asset Fund is not subject to custodial credit risk.

PROPERTY TAXES

Property taxes for 2017 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Cook County and are payable in two installments on or about March 1 and August 1. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1.5% of the tax levy, to reflect actual collection experience. Since the 2018 levy is intended to fund the 2019 calendar year, the levy has been recorded as a receivable and deferred inflow of resources.

FUND BALANCE CLASSIFICATIONS

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

FUND BALANCE CLASSIFICATIONS – Continued

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The Districts policy manual states that the General, Recreation, and other special revenue funds should maintain a minimum available fund balance equal to three months of budgeted operating expenditures, excluding transfers and capital expenditures.

RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to the District's employees; and net income losses. These risks are provided for through participation in the Park District Risk Management Agency and private insurance coverage. The District has purchased insurance from private insurance companies; covered risks include medical, dental, life and other. Premiums have been displayed as expenditures/expenses in appropriate funds. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

Park District Risk Management Agency (PDRMA)

Since 1994, the District has been a member of the Park District Risk Management Agency (PDRMA), a joint risk management pool of park and forest preserve districts, and special recreation associations, through which property, general liability, automobile liability, crime, boiler and machinery, public officials' and workers compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. RISK MANAGEMENT – Continued

Park District Risk Management Agency (PDRMA) – Continued

For the period January 1, 2018 through December 31, 2018, liability losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District.

As a member of PDRMA, the District is represented on the Board of Directors and is entitled to one vote. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body. The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigations and settlement and to follow risk management procedures as outlined by PDRMA. Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member.

PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Board of Directors. PDRMA also provides its members with risk management services, including defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

The following represents a summary of PDRMA's balance sheet at December 31, 2017 and the statement of revenues and expenses for the period ending December 31, 2017. The District's portion of the overall equity of the pool is 0.735% or \$320,469.

Assets	\$65,528,169
Deferred Outflows of Resources – Pension	1,031,198
Liabilities	22,979,446
Deferred Inflows of Resources – Pension	5,600
Total Net Pension	43,574,321
Revenues	23,353,271
Expenditures	17,402,060

Since 88.70% of PDRMA's liabilities are reserves for losses and loss adjustment expenses which are based on an actuarial estimate of the ultimate losses incurred, the Member Balances are adjusted annually as more recent loss information becomes available.

NOTE 4 – OTHER INFORMATION – Continued**CONTINGENT LIABILITIES****Litigation**

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney the resolution of these matters will not have a material adverse effect on the financial condition of the District.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN**Illinois Municipal Retirement (IMRF)**

The District contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF provides retirement, disability, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Plan Descriptions

Plan Administration. All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Inactive Plan Members Currently Receiving Benefits	48
Inactive Plan Members Entitled to but not yet Receiving Benefits	79
Active Plan Members	<u>67</u>
Total	<u><u>194</u></u>

Contributions. As set by statute, the District’s Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended December 31, 2018, the District’s contribution was 11.32% of covered payroll.

Net Pension Liability. The District’s net pension liability was measured as of December 31, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2018, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	3.39% - 14.25%
Cost of Living Adjustments	2.50%

Actuarial Assumptions – Continued. For nondisabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality tables was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for nondisabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	28.00%	3.00%
Domestic Equities	37.00%	6.85%
International Equities	18.00%	6.75%
Real Estate	9.00%	5.75%
Blended	7.00%	2.65% - 7.35%
Cash and Cash Equivalents	1.00%	2.25%

Discount Rate

The discount rate used to measure the total pension liability was 7.25% and prior year valuation used 7.50%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the IMRF's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

General Information about the OPEB Plan

Plan Description. The District's defined benefit OPEB plan, Retiree Benefits Plan (RBP), provides OPEB for all permanent full-time general and public safety employees of the District. RBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. RBP provides healthcare benefits for retirees and their dependents. The benefit terms provide for payment of 100 percent of health insurance premiums for non-Medicare-eligible retirees. The District pays the difference between the actuarial cost of the health coverage for retirees and the blended average employee group cost.

Plan Membership. As of December 31, 2018, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	4
Inactive Plan Members Entitled to but not yet Receiving Benefits	0
Active Plan Members	<u>38</u>
Total	<u>42</u>

Total OPEB Liability

The District's total OPEB liability was measured as of December 31, 2018, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.50%
Salary Increases	3.50%
Discount Rate	4.10%
Healthcare Cost Trend Rates	8.0% for 2018, decreasing 1.0% per year to an ultimate rate of 4.0% for 2023 and later years
Retirees' Share of Benefit-Related Costs	100% of projected health insurance premiums for retirees

WINNETKA PARK DISTRICT, ILLINOIS**Notes to the Financial Statements
December 31, 2018**

NOTE 4 – OTHER INFORMATION – Continued**JOINT VENTURE****Northern Suburban Special Recreation Association (NSSRA)**

The District, along with nine other park districts, two Cities, and one District, has entered into a joint agreement to provide cooperative recreational programs and other activities for handicapped and impaired individuals. Each member agency shares equally in the Association and generally provides funding based on up to .0400 cents per \$100 of its equalized assessed valuation. The District contributed \$195,518 to NSSRA during the current fiscal year. The District does not have a direct financial interest in the NSSRA and, therefore, its investment therein is not reported within the financial statements. Upon dissolution of NSSRA, the assets, if any, shall be divided among the members in accordance with an equitable formula as determined by a unanimous vote of the Board of Directors of the Association.

A complete, separate financial statement for the Association can be obtained from the Association's administrative offices at 3104 MacArthur Blvd., Northbrook, Illinois 60062.

FINANCIAL STATEMENTS AND SCHEDULES**

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

Special revenue funds are created to account for the proceeds of specific revenue sources (other than capital project funds) that are legally restricted to expenditure for specified purposes.

Recreation Fund

The Recreation Fund is used to account for the revenues derived from property tax levy and fees collected to fund recreational programs and facilities, maintenance of athletic fields, maintenance of outdoor ice, maintenance of the boat launch and various beaches of the District.

Municipal Retirement Fund

The Municipal Retirement Fund is used to account for the revenues derived from the property tax levy for the contributions to the Illinois Municipal Retirement Fund and the payment of Medicare and Social Security Taxes to the Federal Government.

Special Recreation Fund

The Special Recreation Fund is used to account for revenues and expenditures related to the provision of recreational services for with disabilities.

Audit Fund

The Audit Fund is used to account for revenues received for payment of audit expenditures.

Workmen's Compensation Fund

The Workmen's Compensation Fund is used to account for revenues received for workmen's compensation expenditures.

DEBT SERVICE FUND

Debt Service Funds are created to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

**COMBINING AND INDIVIDUAL FUND
FINANCIAL STATEMENTS AND SCHEDULES**

CAPITAL PROJECTS FUND

Capital Projects Funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary Funds.

ENTERPRISE FUNDS

Enterprise Funds are created to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose.

Golf Course Fund

The Golf Course Fund is used to account for the operations of the Winnetka Golf Club. All activities necessary to provide such services are accounted for in this fund, including but not limited to, administration, operations, maintenance and related debt service.

Tennis Center Fund

The Tennis Center Fund is used to account for the operations of the Winnetka Tennis Center. All activities necessary to provide such services are accounted for in this fund, including but not limited to, administration, operations, maintenance and related debt service.
